JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

MONDAY, JANUARY 3, 1955—2:00 P. M.

In meeting of Board of Supervisors, San Francisco, Monday, January 3, 1955, 2:00 p. m.

The Board of Supervisors met in regular session.

Absent: Supervisors Christopher, McAteer, McCarty—3.

Quorum present.

President Pro Tem Arnold presiding. (See below.)

Supervisor Christopher on authorized leave.

Supervisors McAteer and McCarty noted present at 2:10 p. m.

Appointment of President Pro Tem.

Supervisor Halley moved the appointment of Supervisor Arnold as President Pro Tem. Motion seconded by Supervisor Ertola and carried by the following vote:

Ayes: Supervisors Arnold, Carberry, Dobbs, Ertola, Ferdon, Halley, McMahon—7.

Communications.

From his Honor the Mayor, accepting resignation of Supervisor Marvin E. Lewis.

Ordered filed.

From Supervisor Marvin E. Lewis, tendering his resignation.

Privilege of the Floor.

There being no objection, the privilege of the floor was extended to Supervisor Marvin E. Lewis.

Supervisor Lewis: Mr. Chairman and members of the Board, this is undoubtedly the last time I will address you inside the railing of these Chambers. I only wish Supervisor George Christopher were here today because out of the original members of the Board, only George and myself remain of that group. Edward Mancuso was also a member of that group but I see Mr. Mancuso sitting on the other side of the railing and he is now Public Defender. I am going to take away many cherished memories of the time spent in these Chambers, and my many discussions in the affairs of the Board. I am happy to say there never was any animosity between the members of the Board and never any personalities and we voted the way we saw fit. There are many trying days ahead and this is a great challenge. You must make up your minds on the question of traffic,

of parking, and most important, the problem of moving people. I say San Francisco is fortunate in having the caliber of men it has on this Board of Supervisors. I want to thank every member of the Board for the fine spirit of cooperation and to assure you that I am proud to have been a member of this Board.

Acting President Arnold expressed the wish, on behalf of the Board, that Mr. Lewis would enjoy every success in his new post.

Communications (Continued).

From City of San Bruno, requesting privilege of floor in connection with calendar item proposing to appropriate \$330,000 for maintenance and reconstruction of Joint Highway District No. 10.

Measure re-referred to Finance Committee; filed.

From Supervisor Ivan T. Coyak of Contra Costa County, addressed to Supervisor Christopher, inviting members of Board to testimonial dinner to be given Supervisor H. L. Cummings on January 15, 8 p. m., at Diablo Country Club, Danville.

Members of Board to notify Clerk of intention to attend.

From Citizens' Participating Committee for Urban Renewal, notice of meeting to be held in the Directors' Room, Crocker Bank Building, Tuesday, January 4, 3 p. m.

Copies given to each Board member.

Consideration of Legislation Out of Order.

Supervisor Halley moved, seconded by Supervisor Ertola, that the 2:00 o'Clock Special Order, dealing with the designation of portions of Post and O'Farrell Streets, as streets on which no stopping is permitted, and identified as File Nos. 12421-6, 12421-4, and 12421-5, be taken up.

No objection and motion carried.

Supervisor Halley moved, seconded by Supervisor Ertola, that the measures involved be taken up seriatim for the purpose of re-referring them to the Police Committee, to be considered in conjunction with legislation in the committee relating to making portions of Post and O'Farrell Streets one-way streets.

Supervisor Ferdon expressed the opinion that the measures should be heard today.

Supervisor McCarty inquired of Deputy City Attorney Thomas Blanchard if the law provided for a public hearing before the Board.

Mr. Blanchard replied that in his opinion a public hearing was mandatory before the Board of Supervisors.

Supervisor Carberry raised the question if sufficient time had elapsed during which a notice of public hearing had been given. Mr. Blanchard replied that when the pending measures were originally considered by the Board, a public hearing was then in order. Since consideration of the measures had been postponed from November 15, no further notice of public hearing was necessary.

The roll was thereupon called and the motion to re-refer the measures under consideration to the Police Committee, lost by the following vote:

Ayes: Supervisors Arnold, Dobbs, Ertola, Halley—4.

Privilege of the Floor.

Acting President Arnold inquired if there were parties present in the Chambers who desired to speak on the pending subject.

There being no objection, consideration of the pending measure was *temporarily postponed*.

Supervisor Dobbs expressed the belief that since only one person appeared on such an important matter, no public hearing was held in the actual sense of the word.

Supervisor Ferdon asserted the Board had just concluded a public hearing, the measures should be acted upon one way or the other, and accordingly, he would vote against re-reference.

Substitute Motion.

Authorizing and Directing Clerk to Initiate Request for Supplemental Appropriation of \$68,000 for Professional Advice on Transit Problems.

It is moved that the Clerk of the Board be authorized and directed to initiate a request for a supplemental appropriation of \$68,000 for the purpose of securing expert professional services to advise the Board of Supervisors in connection with the technical problems involved pertaining to File No. 12476.

File No. 12476-1

December 27, 1954—Consideration continued to January 10, 1955.

Motion to Continue Consideration.

Supervisor Dobbs moved, seconded by Supervisor Carberry, that consideration of the pending measure be continued until February 7th.

Discussion.

Supervisor Carberry explained that while he intended to go along with Supervisor Dobbs' motion to continue the matter, he suggested that the sum of \$68,000 be reduced to \$43,000 and that the difference, the sum of \$25,000, be earmarked for the purpose of employing outside consulting services.

Supervisor Carberry inquired of Deputy City Attorney Thomas Blanchard if the sum in question constituted a utility deficit appropriation. Mr. Blanchard replied that while the Supervisor's question may be considered a technical one, his opinion was that the funds sought would not come from the utility fund but from the General Fund. Mr. Blanchard further pointed out that the Board today had only a motion before it, for the preparation of an appropriation ordinance and that this type of measure did not require a two-third vote of the membership of the Board.

Motion defeated by the following vote:

Ayes: Supervisors Carberry, Dobbs, McAteer, McMahon—4.

Noes: Supervisors Arnold, Blake, Ertola, Halley, McCarty—5.

Absent: Supervisors Christopher, Ferdon—2.

Explanation of Vote.

Supervisor McAteer explained that he could not understand why the city could not do the work instead of hiring outside help; however, if outside help is considered necessary, why had not consideration been given to those who live either in San Francisco or in the bay area. The Supervisor produced a directory of consulting engineers whose services may be available, and pointed out that he would vote against the pending appropriation as well as ones in the future unless he is convinced that qualifications of local engineers are insufficient to cope with existing requirements.

Supervisor McCarty pointed out that he, personally, had no quarrel with Supervisor McAteer's argument; however, the only thing before the Board was a motion calling for the preparation of an appropriation ordinance.

Supervisor Carberry moved, seconded by Supervisor Halley, that the sum of \$68,000 be reduced to \$43,000 for the purpose employing professional services, and the balance of \$25,000 be used for outside consulting services.

Supervisor Dobbs expressed opposition to the motion, advising that as a member of the Finance Committee, he had heard negative and affirmative arguments, and that the subject appropriation was based on the assumption that the city would make a survey at the same time that one would be made by the Bay Area Rapid Transit Commission. Supervisor Dobbs pointed out that City Engineer Wadworth had declared that it would take the city at least six months to do the work for which funds are being sought, and by the end of that period, the Transit Commission would have completed its work. He urged the Board members to cast a negative vote.

There being no objection, Supervisor Halley withdrew his second, whereupon Supervisor McAteer seconded the motion.

Supervisor McAteer reminded Supervisor Dobbs that only a motion for the preparation of funds was being considered by the Board, namely for \$43,000 and \$25,000 respectively, and when these appropriations are actually considered by the Board, the City Attorney's office could then be importuned for opinions on legal questions which may arise.

Motion defeated by the following vote:

Ayes: Supervisors Carberry, McAteer—2.

Noes: Supervisors Arnold, Blake, Dobbs, Ertola, Halley, McCarty, McMahon—7.

Absent: Supervisors Christopher, Ferdon—2.

The roll was thereupon called on the pending measure and it was *adopted* by the following vote:

Ayes: Supervisors Arnold, Blake, Ertola, Halley, McCarty, McMahon—6.

Noes: Supervisors Carberry, Dobbs, McAteer—3.

Absent: Supervisors Christopher, Ferdon—2.

Statement by Mayor Regarding Information Requested Concerning Past Activities of Congressional Legislative Representative.

The privilege of the floor was accorded his Honor, Mayor Elmer E. Robinson, who made a lengthy statement in answer to a request made by Supervisor Carberry with respect to the past activities and accomplishments of Congressional Legislative Representative Francis V. Keesling, Jr. The Mayor emphasized the excellent work performed by Mr. Keesling and declared that he favored the continuance of such a position on a part-time basis and that in appointing former Supervisor Marvin E. Lewis to the post, effective on the approaching resignation of Mr. Keesling, he believed the best interests of the city would be served in the legislative halls of Congress.

Supervisor Christopher stated he would prefer to see the position on a full-time basis due to his belief that a part-time attorney might find himself serving some of his clients whose interests might conflict with those of the city, and thus be in the unenviable position of serving two masters. He, however, assured the Mayor that he intended to go along and vote for the appointment of Marvin E. Lewis as a part-time Congressional Legislative Representative.

The privilege of the floor was next extended to former Mayor Roger D. Lapham, who likewise spoke at some length, dwelling particularly on the necessity of having a qualified man at Washington, D. C., and probably on a full-time basis. He pointed out, however, that in the eventual selection of the representative, the Board members should bear in mind that former Supervisor Marvin E. Lewis does not possess the know-how of Francis V. Keesling, Jr., insofar as experience in contacting the various Congressmen, heads of various bureaus, departments and commissions at Washington, was concerned and that he was not detracting from the ability of Mr. Lewis.

Supervisor Byron Arnold, Chairman of the Finance Committee, stated that his committee would consider the proposed contract with

Marvin E. Lewis at its meeting on Wednesday, January 19, at 3:00 p. m.

Re-reference to Committee.

Authorizing Purchase of Certain Real Property from Doyle Estate Company for \$48,500, Required for a Firehouse Site.

File No. 12719, Resolution No. . . . (Series of 1939).

Supervisor McAteer raised the question as to the necessity for purchasing the property at this time in view of the recent report that had been rendered declaring the area blighted. It was his thought that under the orderly process of the Redevelopment Act the City and County of San Francisco could exercise its right of eminent domain and procure the property at a lesser figure.

Supervisor Arnold suggested that the measure be re-referred to committee and that a representative of the Fire Department be requested to be in attendance to furnish the committee with the information desired by Supervisor McAteer.

Accordingly, Supervisor Halley moved, seconded by Supervisor Dobbs, that the pending measure be re-referred to committee.

The Chair explained that his Honor, the Mayor, was present to address the Board.

Mayor Robinson explained that on January 13th he had signed Resolution No. 15112, which had been presented by Supervisor Dobbs, authorizing the appointment of a committee to explore the question of whether or not San Francisco should extend an invitation to either the Republican or Democratic National Committee to hold their convention in San Francisco in 1956. Unfortunately, no person has shown any inclination to serve on such a committee and so far no progress has been made in the matter.

The Mayor explained that his Executive Secretary had contacted both the Republican and Democratic National Committeewomen from California and each had stated that if San Francisco is going to extend an invitation to either party, the invitation should be accompanied with a guaranty of \$250,000.

The Mayor further stated that in view of the fact that he did not know of anybody who would be willing to serve on the committee, or guaranty the sum of \$500,000 for the conventions, he would appreciate being informed by the Board as to what further action they would like him to take.

Supervisor Dobbs remarked that when he had presented the resolution it was his thought that both political parties, as well as capital and labor, would join in a campaign to raise any moneys necessary to bring the national conventions to San Francisco, and that he was very disappointed at the little interest displayed in such an undertaking.

The Board resumed consideration of the calendar.

The Board resumed consideration of the following measure heretofore considered and temporarily postponed.

Authorizing Temporary Closing of Grove Street, Between Polk and Larkin Streets, for an Undetermined Number of Days Between August 14 and 31, 1955, and Granting Permission to Institute of Radio Engineers to Erect and Maintain a Canvas Cover Over Said Street.

File No. 12509, Resolution No. 15198 (Series of 1939).

Mr. Brooks explained that it was necessary to close the street to provide sufficient area for the holding of the convention.

Supervisor Carberry, seconded by Supervisor Dobbs, moved that consideration be continued for a period of one week.

Supervisor Christopher explained that he would vote against the motion to continue the matter because he believed that the Convention and Tourist Bureau should have the authority to assure the conventions that they could use Grove Street for exhibit space.

Supervisor Carberry requested permission to withdraw his motion.

No objection and *request granted*.

Mr. Swanson of the Convention and Tourist Bureau explained the necessity for the erection of the tent and the damage that would be done to San Francisco as a convention center if permission were not granted for the closing of the street.

Adopted by the following vote:

Ayes: Supervisors Blake, Carberry, Christopher, Dobbs, Ertola, Ferdon, Halley, McAteer, McCarty, McMahon—10.

Absent: Supervisor Arnold—1.

In view of the fact that Mr. Swanson was present, Supervisor McAteer asked him to explain the attitude of the Convention and Tourist Bureau with respect to securing the National Convention of the Republican and Democratic Parties, and also subsidizing such conventions.

Mr. Swanson explained that the Convention and Tourist Bureau had not made it a practice to subsidize conventions coming to San Francisco.

If there was any demand that San Francisco get these conventions, the Convention and Tourist Bureau would do everything in its powers to secure them. Believe that San Francisco has ample room to house the conventions in either the Cow Palace or the Civic Auditorium. If the City was to subsidize the National Conventions and then charge the smaller conventions we would soon find out that the smaller conventions either would stop coming to San Francisco, or would expect a subsidy.

File No. 12818-3, Resolution No. 15246 (Series of 1939).

Discussion.

Supervisor McAteer stated he would vote for the pending measure only because it was requesting information and not one of commitment. He mentioned that when other legislation came before the Board which dealt concretely with the problem of taking over San Francisco Harbor, he would ask that he be excused from voting due to his business status on the waterfront.

Supervisor Blake stated he would ask for similar courtesy.

Supervisor McMahon stated her position in that her approval of the pending measure did not commit her affirmative vote on the final draft of legislation designed to have the Harbor restored to San Francisco.

Supervisor Carberry stated he would vote in favor of the measure but that he held certain mental reservations which may affect his vote on subsequent legislation.

The roll was thereupon called and the measure was *adopted* by the following vote:

Ayes: Supervisors Arnold, Blake, Carberry, Christopher, Dobbs, Ertola, Ferdon, Halley, McAteer, McCarty, McMahon—11.

SPECIAL ORDER—2:00 P. M.

Hearing of Appeal from the Decision of the City Planning Commission by Its Resolution No. 4362, Disapproving Application for a Variance from the Provisions of the Minimum Lot Size Ordinance, Affecting Property Located on the Southerly Line of Lincoln Way and the Easterly Line of Forty-fifth Avenue.

File No. 12761

Privilege of the Floor.

The privilege of the floor was extended to the following:

Peter J. McManus, the appellant.

Paul Oppermann, Director of Planning.

Explanation of Voting.

The President announced that a vote "Aye" would sustain the appeal and override the decision of the City Planning Commission; a vote "No" would sustain the City Planning Commission and deny the appeal. Eight votes are required to override the decision of the City Planning Commission.

The Clerk then read the following:

Refused Adoption.

Disapproving Decision of the City Planning Commission by Its Resolution No. 4362, Denying Application for a Variance from the Provisions of the Minimum Lot Size Ordinance Affecting Property Located on the Southerly Line of Lincoln Way and the Easterly Line of Forty-fifth Avenue.

A hearing was held in which Paul Fay, Jr., was permitted the privilege of the floor. At the conclusion of the hearing, the following recommendation of Streets Committee was taken up:

Supervisor Halley moved, seconded by Supervisor Ertola, that the rules be suspended for the purpose of considering the following measure out of order.

No objection and motion *carried*.

The following from Police Committee, without recommendation, was taken up:

Designating Post Street, Westbound, Between Market Street and Presidio Avenue, and O'Farrell Street, Eastbound, Between Divisadero and Market Streets, One-Way Streets for a Period of 120 Days on an Experimental Basis.

File No. 12579, Resolution No. (Series of 1939).

Motion to Adopt.

Supervisor McCarty moved adoption; seconded by Supervisor Ferdon.

Privilege of Floor.

Supervisor McCarty moved the privilege of the floor to anyone who desired to speak. Motion seconded by Supervisor Halley and, there being no objection, motion *carried*.

The following proponents were heard:

Otto Meyer, Director of Traffic, Police Department;

Ralph G. Wadsworth, City Engineer;

Paul Oppermann, Director of Planning;

Ross Shoaf, Traffic Engineer;

Philip F. Landis, representing the San Francisco Parking and Transit Council and certain downtown groups.

The following opponents were heard:

John B. Quigley, owner of the Drake-Wiltshire Hotel;

Dan London, representing the St. Francis Hotel;

Fred Garau, Kat's Blouse Store, 112 Geary Street;

Alex Hoffer, Maurice Hotel, 761 Post Street;

Thomas Trodden, Secretary, San Francisco Garage Owners' Association.

There being no further protestants, the measure was taken into the hands of the Board.

Discussion.

Supervisor McAteer asked questions of Otto Meyer, Director of Traffic, and of Ralph Wadsworth, City Engineer.

Supervisor Dobbs stated he had the greatest respect for the city agencies involved and for the San Francisco Parking and Transit Council, but that it was clear to him that the only course to pursue would be to reject the pending legislation and adopt the towaway program. Supervisor Dobbs concluded by saying that while he never did care for the towaway restriction, it seemed in this instance to do the least harm.

It is undeniable that business on both Post and O'Farrell Streets will be hurt but the real problem is not so much the movement of traffic as providing parking facilities in the downtown area. When we have sufficient parking stalls, we will then be in a better position to evaluate the use of one-way streets.

Supervisor McCarty spoke in favor of the one-way street legislation.

Privilege of the Floor.

The privilege of the floor was extended to two more opponents, namely Mrs. Margaret Barnett and Mrs. J. Long.

Explanation of Votes.

Supervisor McAteer explained that insofar as his vote was concerned, he intended to vote in favor of the measure for the simple reason that it provided a trial period of 120 days, and that at the conclusion of such a period, a hearing will again be held at which the merchants will be heard as well as agencies of city government, for the purpose of determining whether to continue the measure or not. He concluded by stating that he was not convinced just what legislation was needed, but that in order to make up his mind, he would go along with the pending measure.

Supervisors Halley, Arnold and Carberry raised queries which were answered by Otto Meyer, Director of Traffic, and Ross Shoaf, Traffic Engineer.

The roll was thereupon called and the pending measure was *refused adoption* by the following vote:

Ayes: Supervisors Christopher, Ferdon, Halley, McAteer, McCarty—5.

Noes: Supervisors Arnold, Blake, Carberry, Dobbs, Ertola, McMahon—6.

Authorizing Agreement to Be Entered into by the Mayor and Marvin E. Lewis for Employment of the Latter as a Part-Time Congressional Legislative Representative.

(Proposed amendment is as follows:

Provide that the term of the contract shall be for the period March 1, 1955, to June 30, 1955, rather than from March 16, 1955, to June 30, 1955.)

Supervisor Arnold moved the foregoing amendment; seconded by Supervisor Dobbs.

Discussion.

Supervisor Ferdon expressed opposition to the amendment. He contended he had no intention of indulging in personalities nor did he have any quarrel with former Supervisor Lewis, but he did not believe the position merited the expenditure. He stated he was given to understand that Mr. Lewis had been assured of a sufficient number of votes for the job upon his resignation as a member of the Board, but that he had not been asked whether or not he would vote for Mr. Lewis' appointment. He expressed the opinion that the city's representatives in Congress were well qualified to represent the City and County of San Francisco. However, he did not intend to jeopardize the chances of a former member of the Board who had been given assurance that he would be given the assignment upon his resignation.

Supervisor McCarty pointed out that the city's representatives in Congress were busy enough without saddling them with the additional duties of pursuing every matter which involved the City and County of San Francisco, and, in many cases, necessitated conferences with various persons, bureaus and commissions.

Supervisor Carberry mentioned that he had informed Supervisor Lewis upon the latter's resignation as a member of the Board, that he intended to write the Mayor for a summary of accomplishments by the present Congressional Legislative Representative, Francis V. Keesling, Jr. He further stated he listened attentively to what the Mayor said regarding the activities of Mr. Keesling as well as the remarks made by former Mayor Roger D. Lapham on the subject. Supervisor Carberry mentioned he had received a communication from Mr. Keesling in response to a request from him, pertaining to his activities, and suggested that the letter be sent to the appropriate committee for the purpose of considering the advisability of placing the position on a full-time basis. He mentioned one point, however, that Mr. Keesling had suggested that the Mayor appoint a Citizens' Committee to assist in the work of protecting the city's interest in Washington, D. C.

Supervisor Christopher asked that his statement made on December 27, 1954, when this matter was considered, be repeated for the record, as follows:

Members of the Board, permit me to make a statement, for the record, on the matter of Supervisor Lewis' proposed appointment to the office of Congressional Legislative Representative.

In reiteration of my views expressed some four years ago and often expressed since then, the fact is I have often wondered first of all, as to the necessity for the presence of a representative in Washington, but in voting for it, I felt that if there were any doubts, the benefit of such doubts should be given the Mayor; therefore I voted for it.

Then there was also the question in my mind if we did need a representative in Washington, whether the position should be full- or part-time. If we did need a representative at all, it was my opinion that it should be a full-time one, so that there would not be any conflict if he had to represent the city against one of his clients.

The third point is the ability of our representative to get along with our two Congressmen so that there would not be any bickering that might impair our activities. With these mental reservations, I shall vote for the appointment of Mr. Lewis.

The roll was thereupon called on the amendment and it was adopted by the following vote:

Ayes: Supervisors Arnold, Blake, Christopher, Dobbs, Ertola, Halley, McAteer, McCarty, McMahon—9.

Noes: Supervisors Carberry, Ferdon—2.

The roll was thereupon called on the measure, as amended, and it was adopted by the following vote:

Mayor's Request for Reconsideration of File No. 12579, Designating Post and O'Farrell Streets as "One-Way" Streets.

From his Honor the Mayor, communication referring to File No. 12579, "Designating Post and O'Farrell Streets One-Way Streets—All Times, for a period of 120 days on an experimental basis," and, pursuant to Charter Section 14, requesting the Board to reconsider the measure.

File No. 12579.

The Clerk read a communication from his Honor the Mayor recommending reconsideration.

Move to Reconsider.

Supervisor McCarty accordingly moved that the measure mentioned in the Mayor's letter be reconsidered. Motion seconded by Supervisors Halley and McAteer.

Discussion.

Supervisor Carberry stated the Mayor should be extended the courtesy of having the measure reconsidered, and that he would accordingly vote in favor of reconsideration.

Supervisor Blake declared he had spent considerable time making a spot survey of traffic on Post and O'Farrell Streets as well as talking to many people, and that the proposed trial period of 120 days will prove ample time within which to decide the feasibility of making such streets one-way thoroughfares. He concluded by saying he would vote for the trial period.

The roll was thereupon called on the motion to reconsider and it *carried* by the following vote:

Ayes: Supervisors Blake, Carberry, Christopher, Ertola, Ferdon, Halley, McAteer, McCarty, McMahon—9.

Noes: Supervisors Arnold, Dobbs—2.

Discussion.

Supervisor Ertola asserted that the measure intended a trial period only and that if such period failed to substantiate the feasibility of such a plan, the Board could refuse to extend it, or could attempt other methods.

Supervisor Dobbs: I feel that the question of damage is being overlooked. The picture has not changed since last Monday. I have the highest respect for our various city agencies but unfortunately, damage to business is not within their orbit to determine. What is being asked today is to damage these businessmen and then determine how much damage has been done. The Board should approve a lesser procedure of damaging these businesses and it would be a more orderly and proper approach to the problem. I haven't seen any evidence that would change my mind. I hope the Board will be consistent and reaffirm its position taken last Monday.

Supervisor McAteer queried Otto Meyer, Director of Traffic, as to the reason the Police Department prefers to make Post and O'Farrell Streets one-way streets.

The Director of Traffic replied that the proposed one-way street pattern was for the purpose of providing ingress to and egress from the Golden Triangle Area.

Supervisor McAteer suggested that a committee be set up composed of Phil Landis of the San Francisco Parking and Transit Council, Joseph D. Sullivan of the Hotel Employers' Association and a third party, and that such committee submit a progress report every thirty days.

Supervisor Arnold suggested that a study be made of the movement of traffic and also the effect of such proposed measure would have on the merchants and property owners, and should it be found that little or no adverse effect would ensue, the one-way street program could be put on a permanent basis.

Supervisor Carberry suggested the appointment of a committee by the President of the Board to study the matter.

Supervisor McCarty: It is my opinion that business will be helped during the trial period. I am satisfied with studies and recommendations which have been made. The trial period has been suggested by the Parking and Transit Council after public hearings on the matter. The opponents have given us no evidence that their business will be hurt. All evidence has been the other way. A recent publication in New York City shows that since one-way streets have been installed, business has increased 80 per cent. I have no objection to appointing a committee to make a study during the trial period.

The Clerk read the pending measure:

Designating Post Street, Westbound, Between Market Street and Presidio Avenue, and O'Farrell Street, Eastbound, Between Divisadero and Market Streets, One-Way Streets for a Period of 120 Days on an Experimental Basis.

File No. 12579, Resolution No. 15257 (Series of 1939).

The roll was thereupon called on the pending measure and it was adopted by the following vote:

Ayes: Supervisors Blake, Christopher, Ertola, Ferdon, Halley, McAteer, McCarthy—7.

Noes: Supervisors Arnold, Carberry, Dobbs, McMahon—4.

Reference to Committee.

Supervisor Carberry requested that the President of the Board be empowered to appoint a committee of lay members to serve in an advisory capacity to the Board, for the purpose of studying and compiling results of the 120-day experimental trial of one-way traffic on Post and O'Farrell Streets.

Supervisor Carberry suggested that perhaps former Chief of Police Michael J. Riordan might be considered as a member of the committee.

Referred to Police Committee.

NEW BUSINESS.

(Supervisor Dobbs dissenting.)

Appropriating \$68,000, Board of Supervisors, for Securing Reports and Expert Professional Services to Advise the Board of Supervisors on Further Improvement of the Municipal Railway to Integrate and Coordinate Its Facilities and Operations With the Contemplated Projected Interurban Rapid Transit System.

File No. 12476-2, Ordinance No. . . . (Series of 1939).

Discussion.

Supervisor Dobbs reiterated his negative position heretofore expressed, contending that the expenditure of the proposed funds was a useless gesture.

Supervisor Ferdon suggested the funds be given the Municipal Railway to improve its facilities. He pointed out that a number of surveys have been made, that this will be just another survey, and the Board has no assurance that anything will be done after it has been completed. He concluded by saying that the city has enough of documents and enough of advice right now.

Supervisor Carberry expressed opposition.

Supervisor McCarty pointed out that \$43,000 of the \$68,000 requested would be spend by city agencies.

Supervisor Arnold mentioned that the \$68,000 were from funds of the Board of Supervisors, and that if and when expenditures are to be made, the request will be before the Board, and to a query by Supervisor McAteer as to the expenditure of \$25,000 for consulting services, he pointed out that such funds would be used to employ a nationally known firm versed in transit problems.

Supervisor McAteer suggested no action be taken until the Bay Area Rapid Transit Commission had formulated its own plan.

The roll was thereupon called on the pending measure and it passed for second reading by the following vote:

Ayes: Supervisors Arnold, Blake, Ertola, Halley, McCarty, McMahon—6.

Noes: Supervisors Carberry, Christopher, Dobbs, Ferdon, McAteer—5.

Consideration of Legislation Out of Order.

Supervisor Carberry moved, seconded by Supervisor Halley, that the rules be suspended for the purpose of considering the following measures out of order. No objection and motion *carried*.

Adopted.

The following recommendations of Commercial and Industrial Development Committee were taken up:

Designating the South Basin Area as Redevelopment Area F.

File No. 10759-4, Resolution No. 15248 (Series of 1939).

Motion to Defer Consideration.

Supervisor Arnold mentioned he had received a wire from the San Francisco Real Estate Board asking for a delay as well as a similar request from Golden State Limited. He accordingly moved, seconded by Supervisor Halley, that consideration of the pending measure be continued for one week.

Supervisor Carberry, Chairman of the Commercial and Industrial Development Committee, pointed out that his committee, for the period of the last ten months, had conducted exhaustive hearings, at which all interested citizens and organizations were invited and heard, and that he was opposed to any further delay.

Designating Area Comprising the Wholesale Produce Market as Redevelopment Area E.

File No. 10759-5, Resolution No. 15288 (Series of 1939).

February 14, 1955—Consideration continued to February 21, 1955.

Communications Read.

The Clerk read a wire from the San Francisco Real Estate Board, objecting to the proposed redevelopment of the 28-block area in which the Wholesale Produce Market was located.

Supervisor Arnold pointed out that it was the Real Estate Board's desire that further study should be given to the proposed enlarged area; that about one thousand property owners had no knowledge of the pending measure which embraced an area greater than that covered by the Wholesale Produce Market. The Supervisor likewise mentioned that he had received many other letters and phone calls protesting adoption of the subject measure.

He thereupon moved, seconded by Supervisor Halley, that the measure be re-referred to committee and that all interested parties be notified and afforded an opportunity to express their positions.

Supervisor Carberry asked Supervisor Arnold to explain his position with respect to the development of the Diamond Heights and Western Addition areas, which was done.

Supervisor McAteer next discussed the various steps which must be taken to effectuate a redevelopment program, directing his remarks to the various property owners and interested parties seated in the Chambers. He assured them that the adoption of the pending measure would not cloud title to their respective holdings, and that in the course of the several steps to be taken, a public hearing before the Board was mandatory, at which time all interested parties would be heard. He likewise mentioned that a public hearing before the

Redevelopment Agency was mandatory prior to adoption of the Tentative Plan by the Board of Supervisors.

Supervisor McCarty asked Director of Planning Paul Oppermann if the Director would recommend that the pending measure be re-referred to committee for further study. Mr. Oppermann replied that he would not so recommend.

Supervisor McCarty stated that, in his opinion, the request of Supervisor Arnold to re-refer the matter to committee constituted an attempt to rewrite the law. Re-reference merely meant a waste of time and duplication of effort. All interested parties will have ample opportunity to be heard before the Board.

Supervisor Arnold stressed the importance of correctly initiating the proceedings; that if the first step was wrong, the members of the Board should not be burdened with the remainder of the required steps. The people involved have millions invested and they haven't the time to keep watch on the City Hall or on the Board calendars. If the first step is wrong, why delay, as has been the case with other redevelopment projects. The Supervisor mentioned that the City has been buying land at McLaren Park for 25 years and the fact is still not known whether or not there will be a park in that area.

Supervisor Arnold asked Thomas A. Brooks, the Chief Administrative Officer, if, in the event property is considered a nuisance, are there sufficient laws to order demolition or improvement of the property. Mr. Brooks replied that there are sufficient laws on the books to cope with the situation.

Supervisor Carberry stated that more than 50 hours had been devoted to hearings on the subject, and that Supervisor McAteer's explanation of the various procedural steps obviated any possibility of property owners not being given a proper hearing.

Supervisor Halley declared that the Federal Housing Act of 1954 permitted use of federal funds for urban renewal, and that the Commercial and Industrial Development Committee might consider the area in question as an urban renewal area.

Mr. Goldberg, attorney for the Redevelopment Agency, pointed out that under the Housing Act, blighted areas as such, in connection with the urban renewal program, cannot be considered for funds, and that there is no existing state legislation on urban renewal.

The roll was thereupon called on the motion to re-refer the pending measure to committee and it *lost* by the following vote:

Ayes: Supervisors Arnold, Blake, Ertola, Halley, McMahon—5.

Noes: Supervisors Carberry, Christopher, Dobbs, Ferdon, McAteer, McCarty—6.

The roll was then called on the measure and it was *adopted* by the following vote:

No objection and the *Clerk was directed to address a communication to the Downtown Association.*

Leave of Absence for Supervisor George Christopher.

Supervisor Christopher mentioned that he had been asked to go to Omaha, Nebraska, by the San Francisco Women's Bowling Association, during the period April 24-26, for the purpose of attempting to bring the next bowling tournament to San Francisco in 1956. He mentioned that this would not cost the city anything and asked that permission be granted him to absent himself during the period hereinabove mentioned.

No objection and permission was *granted* to Supervisor Christopher, and authorization to be included in resolution heretofore adopted on leaves of absence.

Request for Expeditious Action Re New Airline Terminal.

Supervisor Christopher called the Board's attention to the desirability of having the new proposed airline terminal completed before the delegates from the United Nations and those attending the Republican Party Convention assemble here. He suggested that Director of Planning Paul Oppermann, as well as the interested airline officials meet with the Public Utilities Committee for the purpose of arriving upon a definite solution of the problem.

File No. 12906

Motion seconded by Supervisors Halley and McCarty.

Discussion.

Supervisor McAteer declared that he would like to see some sort of a written guarantee that the \$150,000 will be forthcoming from private industry.

Supervisor Dobbs objected to the suggestion of Supervisor McAteer, terming it a "slap in the face" to have to go before the downtown group and ask them for a promissory note, in view of the fact that at the time the Board appropriated the sum of \$100,000, it also accepted the guarantee of the downtown group that the \$150,000 would be raised by them.

Supervisor McCarty pointed out that the Downtown Association had sent its representative, Thomas Gray, back east in an attempt to land the GOP Convention for San Francisco in 1956; had succeeded upon the representation that the sum of one hundred and fifty thousand dollars would be supplied by private capital.

Supervisor Blake spoke in favor of the City appropriating the sum of one hundred and fifty thousand dollars and even if this sum is not returned by private capital, the city will be assured the equivalent by way of added business, goodwill and other means.

Supervisor McAteer stated he respected the opinion of Supervisor Dobbs and as he had no intention of compelling the businessmen to sign a piece of paper, he would go along and vote for the appropriation.

The roll was thereupon called on the pending measure and it was adopted by the following vote:

Ayes: Supervisors Arnold, Blake, Carberry, Christopher, Dobbs, Ertola, Ferdon, Halley, McAteer, McCarty, McMahon—11.

Adopted.

Requesting Appointment of a Citizens' Committee to Cooperate in Arrangements for and Conduct of the 1956 National Convention of the Republican Party in San Francisco.

File No. 12908

Motion seconded by Supervisor McCarty and adopted by the following vote:

Ayes: Supervisors Arnold, Blake, Carberry, Christopher, Dobbs, Ertola, Ferdon, Halley, McAteer, McCarty, McMahon—11.

Reference to Rules Committee.

Supervisor Ferdon mentioned that while San Francisco has been successful in landing the Republican Convention, efforts should be continued to land other large conventions as well, and that some form of a continuing committee should be created whose function it would be to cooperate with local governmental agencies as well as private organizations toward that end.

Opinions Requested of City Attorney.

Supervisor Halley requested that the Clerk ascertain from the City Attorney information on the following points:

(1) Whether funds subject to disbursement pursuant to the provisions of the Federal Housing Act of 1954 may be used for the furtherance of the urban renewal program recently instituted locally.

(2) Whether or not it is necessary that a state enabling act be passed before such funds, subject to the provisions of the Federal Housing Act of 1954, may be utilized in connection with the urban renewal program.

No objection and the *Clerk was directed to comply.*

Information Requested of Recreation and Park Department.

Supervisor McAteer asked the Recreation and Park Department to investigate the parking of a panelled truck on land under the jurisdiction of the Commission, and bounded by Hyde, Larkin, Beach and Jefferson Streets. The truck was apparently used for sleeping quarters. Likewise, the parking of three trailers by the Exley Company. Mr. McDevitt, Secretary of the Recreation and Park Commission, promised to look into the matter and advise the Education, Parks and Recreation Committee at its next meeting.

Supervisor McAteer also called the Board's attention to the fact that it was his understanding that the Recreation and Park Commission intends to abandon the handball courts located in Golden Gate Park, and that he had been besieged by handball enthusiasts to oppose such proposed action.

The Supervisor asked that the Recreation and Park Commission be asked to attend the meeting of the Education, Parks and Recrea-

tion Committee on March 3rd, and be in a position to supply the committee with such information as it may have on the subject.

Reference to Redevelopment Agency.

Supervisor McAteer presented a communication from the Diamond Heights Property Owners Association, commenting on the plans to redevelop that area, and asked that it be referred to the Executive Director of the Redevelopment Agency for reply, and that said Director send a copy of his reply to each member of the Board.

No objection and so *ordered*.

Reference to Committee.

Supervisor McCarty asked that the Board go on record as opposing proposed Senate Bill No. 1754, which adds or amends the Elections Code, relative to the positions of the names of all candidates for a partisan office on a voting machine.

Supervisor McCarty asked the Chief Administrative Officer if the passage of the aforementioned bill would result in the discontinuance of the use of voting machines and Mr. Brooks' reply was in the affirmative.

Supervisor McCarty thereupon moved that the Board go on record as opposing SB 1754. Supervisor Halley objected, contending that possibly the bill might contain beneficial provisions as well.

Referred to County, State and National Affairs Committee.

Adopted.

In Memoriam—Earl F. Clark.

Jointly presented by Supervisors Arnold and Halley:

File No. 12041, Resolution No. 15274 (Series of 1939).

Supervisor Arnold moved adoption; seconded by Supervisor Halley.

Introduction of Congressman Clair Engle.

The President of the Board introduced Congressman Clair Engle of Tuolumne County, who spoke at length on the necessity and urgency of permitting Tuolumne Water District No. 2 to utilize one of three power drops on the Hetch Hetchy Project, namely, Red Mountain Bar, Early Intake and Cherry Valley, for the purpose of constructing a powerhouse thereon, the revenue of which would be used to finance water and irrigation works in the Sierra counties.

Congressman Engle hastened to explain that if such permission were granted, half of the revenues from such a project would accrue to the City and County of San Francisco. He pointed out that since the three sites have not been developed by San Francisco, although the city has had the opportunity so to do over a period of many years, it was the Water District's intention to obtain the authority to develop one of them, and to use the funds as mentioned above.

Supervisor Christopher objected to permitting Butte County to share in the profits which may accrue from the development of any of the power sites mentioned, pointing out that some \$200,000,000 had been spent by the City and County of San Francisco in the development of the Hetch Hetchy projects.

Congressman Engle: If San Francisco is unwilling to further develop the power on Hetch Hetchy Project, Butte County will be happy to take over. Butte County will be happy to lease Early Intake or Red Mountain Bar.

Supervisor Christopher: If the Board were to develop Early Intake, would such action forestall any further request for development on the Hetch Hetchy Project?

Congressman Engle: We are trying to develop Early Intake. If San Francisco wants that one, we will be glad to have Cherry Valley. We intend to ask for a hearing on the Early Intake legislation. When Mr. Turner has the authority to make this offer (refers to press release wherein Mr. Turner purportedly was willing to enter into a lease of a power site), we will be glad to accept it. We have no desire to fight with San Francisco. These power drops should be developed, and we propose to undertake it. We shall do everything on earth to have it done because we have to have revenues to complete our own development, and we do not want taxpayers saddled with lots of expenses in having the Tuolumne Water District.

Supervisor Christopher: I believe Congressman Engle is right when he says we should sit down and try to settle this. When it comes, however, to the proposition of sharing in profits that would accrue as a result of the development of the projects, I cannot agree.

To a query by Supervisor Halley, Congressman Engle stated: The legislation does not propose consumptive use of the water. All we want to do is put a wheel in the water and then we will take the power out of the wheel, sell it and divide the profits with San Francisco. We do not intend to participate in the profits as they accrue today. What we want is to develop one of the power drops ourselves, and then participate in the profits with the City and County of San Francisco.

To a query by Supervisor McCarty as to the situation which led Congressman Engle to introduce his proposed legislation, Congressman Engle replied that his District needed help in developing domestic and irrigation projects.

Supervisor McCarty: Since there is no immediate need for water or power, since you want to undertake the development of power, you want to undertake the project for the purpose of profit-sharing?

Congressman Engle: San Francisco is not developing Early Intake. What we propose to do is to develop Early Intake, then share the profits with the people of San Francisco.

Supervisor McCarty: Did you say you want to develop Early Intake because San Francisco has failed to develop it?

Congressman Engle: We want to finance a project which is otherwise beyond our means.

To a query as to whether or not the Tuolumne Water District would have a case should San Francisco develop all of its power sites on the Hetch Hetchy Project, Congressman Engle replied: We will have no case at all, if San Francisco develops all of the power drops on Hetch Hetchy.

Congressman Engle, at the conclusion of the discussion, thanked the Board members for their courtesy in permitting him to make his presentation on the subject matter.

Consideration of Salary Standardization Measure.

Supervisor Arnold began a dissertation on the results of the findings of the Finance Committee on the Salary Standardization Survey; however, he yielded to Supervisor Carberry for the purpose of making the following statement:

Supervisor Carberry: I believe this entire Board owes a great debt to the Finance Committee for the many hours they put in, in examining the data submitted; there were 9045 employees involved. I received today, for the first time, the recommendations of the Finance Committee in which there are dissenting votes on a number of recommendations, and it appears to me that the Board should hold all recommendations over for at least 48 hours to permit each member of the Board to study the data and find the best possible results.

Supervisor Carberry accordingly moved, seconded by Supervisor Dobbs, that the Board now recess to a time to be determined by the President of the Board which would permit of a reasonable study by each member of the recommendations of the Finance Committee.

Motion lost by the following vote:

Ayes: Supervisors Arnold, Blake, Carberry, Christopher, Dobbs—5.

Noes: Supervisors Ertola, Ferdon, Halley, McAteer, McCarty—5.

Absent: Supervisor McMahon—1.

Supervisor Arnold, Chairman of the Finance Committee, spoke briefly of the meetings held by his committee on the salary question and that the committee's recommendations reflected the best possible judgment of the committee and reached in accordance with charter provisions.

Supervisor Arnold mentioned that (1) his committee supported the stand taken by the Civil Service Commission that no premium pay should be given employees at the Coroner's Morgue who come in contact with persons who have died from contagious diseases; (2) that the Committee favors an amendment to the administrative provisions to provide that such employees as are authorized regularly to work a 5½- or 6-day work week shall be paid time and one-half rather than straight time in excess of 40 hours; (3) that the Committee supports the stand of the Civil Service Commission that the proposal to change the premium pay for second and third shifts from 6¼ per cent to 10 per cent and 15 per cent, respectively, be denied.

Supervisor Arnold thereupon moved the following:

(1) On behalf of and as a recommendation of the Finance Committee, that the proposed amendments to Section IV(a) and Section IV(e) of the administrative provisions of the Salary Standardization Ordinance of 1955, File No. 11901-2, proposed by this Board on Monday, February 21, 1955, as well as the proposed amendment to the administrative provisions relating to activities of attorneys recommended by the Civil Service Commission, be refused adoption.

Ayes: Supervisors Arnold, Blake, Carberry, Christopher, Dobbs, Ertola, Ferdon, Halley, McAteer, McCarty—10.

Motion seconded by Supervisor McCarty and *adopted* by the following vote:

Ayes: Supervisors Arnold, Blake, Carberry, Christopher, Dobbs, Ertola, Ferdon, Halley, McAteer, McCarty—10.

Absent: Supervisor McMahon—1.

(3) As a recommendation of the Finance Committee, and as a substitute for the amendments heretofore proposed by the Board of Supervisors to the Salary and Wage Survey of the Civil Service Commission, submitted to this Board on February 7, 1955, that the amendments now recommended by the Finance Committee be approved and adopted as amendments to said Salary and Wage Survey and included in File No. 11901-2. Salary Standardization Ordinance of 1955. Motion seconded by Supervisor Dobbs.

Supervisor McCarty stated he differed in instances with respect to compensations for certain classifications; however, he pointed out that the Finance Committee had done a splendid job. He concluded by saying that he would make certain motions accompanied by basic reasons for such action.

Adoption of Amendments.

Supervisor Arnold moved as a substitute for the amendments heretofore proposed by the Board of Supervisors to the Salary and Wage Survey of the Civil Service Commission, submitted to this Board on February 5, 1955, that the amendments recommended by the Finance Committee as well as those adopted by the Board today, be approved, and adopted as amendments to said Salary and Wage Survey and included in File No. 11901-2, Salary Standardization Ordinance of 1955. Motion seconded by Supervisor McCarty.

Supervisor Dobbs explained that the subject of salary standardization had become a terrific burden for the members of the Finance Committee to carry. The members do their best but it seems that nobody is happy about the results. He stated he hoped to present legislation which would provide a more satisfactory method of standardizing salaries than the present method, which should be dispensed with.

Supervisor McCarty: I know that conclusions reached by each member of the Finance Committee were done so in good conscience and in all fairness. I respect the rights of the members of the Board and I know they voted without prejudice.

Supervisor Christopher: I know the Finance Committee has done a most conscientious job. These members should be commended in the highest degree.

The roll was thereupon called on the pending motion and it was adopted by the following vote:

Ayes: Supervisors Arnold, Blake, Carberry, Christopher, Dobbs, Ertola, Ferdon, Halley, McAteer, McCarty—10.

Absent: Supervisor McMahan—1.

Absent: Supervisor McMahon—1.

Reference to Committee.

Supervisor McAteer presented a suggested amendment to Section 6 of the Administrative provisions of the Salary Standardization Ordinance, affecting employees governed by Section 151.3 of the Charter, which ordinance is to be presented by the Civil Service Commission to the Board on or before April 1st.

Amendment referred to the Finance Committee.

Adding Section 168.1.5.2 to the Charter, Relating to and Increasing Allowances for Certain Members of the Police Department.

Supervisor McCarty presented:

File No. 13007

Referred to Judiciary Committee.

Urging Proper Liaison Between City Agencies.

Supervisor McCarty stressed the necessity of having proper liaison between city agencies, pointing out an instance where it is alleged that General Butler, head of the San Francisco Airport, had stated that San Francisco would have no objection to having the airline terminal located in Union Square provided there that would be off-street loading and unloading facilities for the buses. The above alleged statement, Supervisor McCarty noted, was in direct contradiction to the avowed policy of the Board, and that General Butler should have consulted with the departments involved before issuing such a statement.

Another instance where liaison is lacking revealed an alleged statement by the Parking Authority to the effect that an airline terminal could be constructed in the Civic Center.

Congratulating Administrative Head of New U.C. Medical Center.

Supervisor Carberry requested that the Clerk direct a letter to the Administrative Head of the U.C. Medical Center, congratulating him on the approaching opening of the institution.

No objection and the Clerk was directed to comply.

Reference to Committee.

Supervisor Arnold moved that the Clerk of the Board be authorized and directed to proceed to Los Angeles to study methods in effect for determining and fixing salaries and working conditions of persons engaged in public employment, and to report his findings to the Board, the expenses of such trip to be paid out of such funds as are available for the purpose.

File No. 13009

Supervisor Halley suggested that the Finance Committee likewise study the method in use by the State of California in the fixing of such salaries and working conditions.

Referred to Finance Committee.

MONDAY, MARCH 14, 1955

Reference to Committee.

Supervisor Christopher requested that the proper committee study the advisability of reestablishing the Administrative Coordinating Council which operated during the regime of former Mayor Roger D. Lapham, and designed to correlate and coordinate departmental policies (liaison).

Referred to Judiciary Committee.

ADJOURNMENT.

There being no further business, the Board, at the hour of 6:20 p. m., adjourned.

JOHN R. McGRATH, Clerk.

Approved by the Board of Supervisors April 4, 1955.

I, John R. McGrath, Clerk of the Board of Supervisors of the City and County of San Francisco, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date hereon stated and approved as recited.

Resumption of Consideration of Appeal of Joseph T. Hart.

The appeal of Joseph T. Hart from the decision of the City Planning Commission, heretofore considered, was taken up:

Privilege of the Floor.

The privilege of the floor was accorded the following proponents:

Albert Picard, attorney, representing appellant Joseph T. Hart.

Norman H. Lueck, 2024-A Broderick Street.

Mrs. Margaret R. Ostramm, 3024 Clay Street.

Opponent: Paul Oppermann, Director of Planning.

Discussion.

General discussion ensued, with questions being asked by various Supervisors of Mr. Picard, Mr. Oppermann and Mr. Hart.

Mr. C. H. Potts of the Bureau of Building Inspection advised the Board that Mr. Hart filed application No. 164116 on April 7, 1955, and that it was approved by the City Planning Commission. The City Planning Commission then forwarded the application back to the Bureau of Building Inspection for its approval. The Bureau then forwarded it to the Bureau of Fire Prevention on April 13th. The Bureau approved the application with certain qualifications. Later on it was disapproved by the City Planning Commission and the application cancelled on May 21st.

Supervisor Dobbs asked Mr. Potts whether the filing of an application implies that a person so filing must pick up his permit before starting work. Mr. Potts stated it does.

Mr. David L. Stewart, Building Inspector, was questioned by several members of the Board, principally Supervisor McAteer, who asked him whether he told Mr. Hart that it was all right to go ahead with the work after he had filed his application. Mr. Stewart stated he did. However, Mr. Stewart did say that Mr. Hart should have known that before having any work done, he had to pick up his permit, since his application for a permit on a prior alteration job had been rejected.

Supervisor Halley asked Deputy City Attorney Thomas Blanchard if the Board could stipulate that the property would only be used as a real estate office. Mr. Blanchard stated that the Board had no such power.

Supervisor Carberry asked Mr. Blanchard if consideration of the pending measure could not be postponed for one week. He was informed that pursuant to the provisions of Section 117 of the Charter, the Board had to act on the matter today.

Supervisor Dobbs recommended that the practice of permitting spot zoning be stopped today. He called the Board's attention to the fact that his committee which has been studying the proposed new zoning ordinance, has now under advisement the proposed abolishment of all non-conforming uses.

Supervisor McCarty expressed the opinion that Mr. Hart should be permitted to continue the business which had been a going concern for some time. All that he is attempting to do at the present time is to improve his property.

Supervisor McAteer termed the entire procedure of filing applications for alterations as being totally ridiculous, claiming a state of confusion exists between the departments whose function it is to pass upon the legality of such application. He thereupon requested that a meeting be had of all interested departments so that a procedure may be evolved which would show in proper order, the actions of the departments involved in connection with the approval or denial of an application for alteration and/or reconstruction work.

Referred to Public Buildings, Lands and City Planning Committee.

There being no further discussion, the Clerk read the following measure:

Refused Adoption.

Disapproving Decision of the City Planning Commission by Its Resolution No. 4374, Denying Application to Rezone Property Located on the Southeast Corner of Clay and Broderick Streets from Second Residential District to Commercial District.

File No. 12898-2, Resolution No. . . . (Series of 1939).

March 14, 1955—Consideration continued to March 21, 1955.

Explanation of Voting.

The President explained the voting procedure as follows: An "Aye" vote overrides the City Planning Commission and sustains the appeal; a "No" vote sustains the City Planning Commission and denies the appeal. Eight "Aye" votes are required to override the City Planning Commission.

The roll was thereupon called and the pending measure was *refused adoption* by the following vote:

Ayes: Supervisors Arnold, Blake, Carberry, Christopher, Ertola, McCarty, McMahon—7.

Noes: Supervisors Dobbs, Ferdon, Halley, McAteer—4.

Rescission of Board Action.

Supervisor Arnold moved, seconded by Supervisor Dobbs, that the Board rescind its action whereby it had heretofore passed File No. 12523 relating to the improvement of portions of Bright Street, to second reading.

No objection and motion *carried*.

Consideration Continued.

Supervisor Arnold moved continuance for one week for the purpose of permitting an inspection of the area. Motion seconded by Supervisor Halley, and there being no objection, motion *carried*.

Consideration continued one week.

Adopted as Amended.

The following recommendations of County, State and National Affairs Committee were taken up:

Recommending Enactment of AB 2703 and AB 2752 in the State Legislature.

File No. 13028, Resolution No. 15402 (Series of 1939).

Discussion on AB 2703.

Supervisor McCarty objected to the approval of AB 2703, contending that its passage would place the city in a more favorable position than would be enjoyed by a private corporation.

Deputy City Attorney Thomas Blanchard agreed that under the present language of the bill, agents and employees of private firms and corporations could be called as adverse witnesses whether or not they participated in the transaction or occurrence, the subject of the action, whereas agents or employees of a municipality could only be called as adverse witnesses when they were such participants.

Supervisor Halley requested that AB 2703, as well as the remarks of both Supervisor McCarty and Deputy City Attorney Blanchard be referred to the State Legislation Committee hearing scheduled for Friday, March 25. No objection and so *ordered*.

Discussion on AB 2752.

Supervisor McCarty contended that the 24 hours' notice as set forth in the bill does not constitute sufficient time for owners to make repairs to their sidewalks, and accordingly moved that the pending bill be re-referred to the State Legislation Committee so that further study may be given to the time limitations. Motion seconded by Supervisor McAteer.

Supervisor Arnold expressed opposition to the bill, contending that the city should not assume any responsibility with respect to claims for damages as a result of defective sidewalks. The property owner,

Supervisor Arnold maintained, should be aware of the condition of his sidewalk at all times.

To a query by Supervisor Halley, Deputy City Attorney Thomas Blanchard stated that the law as at present makes the city liable for damages as result of accidents due to defective sidewalks.

The roll was thereupon called and the motion to re-refer the measure *lost* by the following vote:

Ayes: Supervisors Arnold, McAteer, McCarty—3.

Noes: Supervisors Blake, Carberry, Christopher, Dobbs, Ertola, Ferdon, Halley, McMahon—8.

Supervisor McCarty stated he would vote against the measure due to the short time allowed to repair the sidewalk.

Supervisor Arnold contended that since the city does not put in the sidewalk, it should not be held responsible for its repair.

Supervisor McCarty asserted that under the law the property owner is legally responsible for damages for injuries caused by a defective sidewalk when he or his family causes the condition to exist.

The roll was thereupon called on the measure as amended and it was *adopted* by the following vote:

Ayes: Supervisors Blake, Carberry, Christopher, Dobbs, Ertola, Ferdon, Halley—7.

Noes: Supervisors Arnold, McAteer, McCarthy, McMahon—4.

Adopted.

The President ruled the motion out of order.

Supervisor Dobbs Excused.

There being no objection, Supervisor Dobbs was excused at 6:20 p. m.

Supervisor Ertola moved, seconded by Supervisor Blake, that the pending motion be re-referred to Police Committee, as he believed that a Citizens' Committee should be selected by the executive branch of the city government.

Supervisor Carberry asserted that the President should be authorized to appoint a committee of three members to study the matter.

Supervisor Arnold ventured the opinion that the President of the Board should appoint a committee of members of the Board, the committee to consist of not less than three and less than 12.

Discussion.

Supervisor Arnold, Chairman of the Finance Committee, explained that the rates set forth in the measure were in keeping with contracts in effect and recommended passage.

Communication.

The Clerk read a communication from Milton Marks, Jr., Attorney at Law, in which he asked that his letter of April 13, addressed to the Finance Committee, dealing with certain protests of Machinists' rates, be read to the Board.

Supervisor Arnold informed the Board that Mr. Marks' letter was carefully studied by the Finance Committee. The Civil Service Commission had informed the Finance Committee that they, too, had studied the contents of Mr. Marks' letter. Mr. Arnold further pointed out that the City Attorney had, some time ago, ruled that it was mandatory upon the Finance Committee as well as upon the Board of Supervisors to accept the certifications of the Civil Service Commission with respect to items subject to the provisions of Section 151.3 of the Charter unless it is clearly shown that there has been an abuse of discretion on the part of the Civil Service Commission. There has not been any showing of any abuse of discretion and the Finance Committee is satisfied that the Civil Service Commission has given careful consideration to the contents of Mr. Marks' letter.

The President directed the Clerk to inform Mr. Marks of the statements of Supervisor Arnold.

The roll was thereupon called and the pending measure was *passed for second reading* by the following vote:

Referred to Finance Committee.

Statement on 1955-1956 Budget.

Supervisor Arnold, Chairman of the Finance Committee, mentioned that his committee would be faced with the following problems concerning the 1955-1956 budget: (1) Reduction in cost of government by reducing services to the people; or (2) Adoption of additional sources of revenue to supplement funds accruing from ad valorem taxation.

Reference to Committee.

Authorizing and Directing the Joint Committee on Finance and Judiciary to Conduct Studies Looking to Reduction in Cost of Municipal Government and to the Development of New Sources of Revenue. Supervisor Arnold presented:

File No. 13150, Resolution No. . . (Series of 1939).

Statement on Proposed Budget.

Supervisor Christopher: Unless there is immediate action taken in connection with the fiscal policy of the City and County of San Francisco, if we believe this is a big budget, I am quite sure that next year's budget will be a most destructive and staggering one. I don't want to take issue with any studies that might be offered, but I don't want to see this matter delayed in a mess of surveys, studies and procrastination. I think this is a matter that you and I will have to contend with and any delay in arriving at conclusions

will only make matters worse. It may be that we will have to offend one or two groups of people but the responsibility rests solely upon us. I would like to suggest that perhaps after Mr. Arnold's committee has met, that they might consider calling in the entire Board into the committee, and then decide issues jointly. I hope this matter will not be delayed and studied for a period of months. Next year the budget will have to include those items deleted by the Mayor and to be studied by the next administration. So I would suggest, Mr. Arnold, as soon as you are able, you call in the entire Board and the Mayor, and determine at the earliest possible moment, the solution to this very serious problem confronting the ad valorem taxpayer of San Francisco.

Reference to Committee.

Supervisor Christopher called the Board's attention to the fact that the federal government had seen fit to remove certain functions from San Francisco and this has likewise applied to private industry. He now understands that the San Francisco Chamber of Commerce now finds it impossible to keep its Washington, D. C., office open and will shortly close its doors. The Supervisor mentioned the fact that Seattle and Los Angeles, as well as other major cities, have offices operating in Washington, D. C., and have found that such an organization in that city to be of extreme importance, and reiterated the necessity of keeping San Francisco's Washington office open, in order to compete with those cities.

The Supervisor suggested that the committee call in the representatives from the San Francisco Chamber of Commerce with a view of arriving at a solution which will provide for the continued operation of the Chamber's Washington office.

Referred to Finance Committee.

Public Hearing on 1955-1956 Budget.

Supervisor Arnold, Chairman of the Finance Committee, announced that there would be a public hearing before the Board at 2:00 p. m., Monday, April 25, 1955, on the budget estimates for the fiscal year 1955-1956.

Fixing Time for Hearing Proposal to Abandon Portion of Municipal Railway Bus Line No. 81.

Supervisor McCarty presented a communication from the Public Utilities Commission requesting Board approval to abandon portion of Municipal Railway Bus Line No. 81.

Consideration made a Special Order of Business for Monday, May 2, 1955, 3:00 p. m.

Reference to Committee.

Supervisor McCarty: Some weeks ago there was introduced in the State Legislature a bill which would vest title to certain land under the jurisdiction of the State Board of Harbor Commissioners in the abutting property owners. That bill created considerable comment as to its propriety with the result that it was withdrawn. However, the premise upon which the bill was submitted intrigued me to the point of inquiry. It was premised on the fact that that land which was under the jurisdiction of the State Board of Harbor Commissioners is valueless insofar as the harbor use for it was concerned. Approximately 93 years ago, the city transferred certain harbor land to the state for the purpose of developing and operating the Port of San Francisco. If it is true that that portion of land to which reference is made in the bill is absolutely valueless to the State Board for port purposes, then I assume the State should vest title in San Francisco. I have had many conversations with shipping interests and people in transportation business. I have been advised by a reliable person that the Port of San Francisco is not operating to the fullest extent and will never be able to utilize, for port purposes, the land now subject to the State Board of Harbor Commissioners. In addition, it will never be able to utilize, for port purposes, all of the piers which now exist.

Supervisor McCarty mentioned that lands which may be relinquished by the State Board could be utilized for waterfront hotels and apartments, in the same manner as exploited by South American cities. He asked that the Commercial and Industrial Development Committee study this matter.

Referred to the Commercial and Industrial Development Committee.

Recommending Enactment of Senate Bills Nos. 332 and 333 in the State Legislature.

File No. 13114-2, Resolution No. (Series of 1939).

Discussion.

Supervisor Halley apprized the Board that he had received an opinion from the City Attorney in which doubts were cast upon the constitutionality of Bills Nos. 332 and 333, and accordingly moved, seconded by Supervisor Carberry, that the pending measure be re-referred to the State Legislation Committee for further study and clarification.

Supervisor McCarty objected to re-reference, contending that since the Senate Transportation Committee was meeting on the bills tomorrow, the Board should state its position, one way or the other.

Supervisor Halley expressed the opinion that the State Legislation Committee should be accorded the opportunity of reviewing the City Attorney's opinion, and suggested that action be taken to have consideration on the pending bills at Sacramento continued until such time as the Legislation Committee has had sufficient time within which to study the legal opinion.

Supervisor Carberry stated he was in accord with the argument advanced by Supervisor McCarty that the city should state its position inasmuch as the Senate Transportation Committee would meet on Tuesday, April 26.

There being no objection, Supervisor Halley *withdrew his motion*.

Supervisor McCarty pointed out that the financial condition of the bridge is such that the contingent liability upon the city is very remote. The bridge is paying its way and adding millions to surplus. Does the city desire to turn over the 14-million dollar surplus to the California Toll Bridge Authority? Furthermore, about 150 employees undoubtedly would get their walking papers and the Toll Bridge Authority would employ their own group. The Toll Bridge Authority, Supervisor McCarty concluded, has been none too friendly to San Francisco over the years.

Supervisor Ferdon: This Board passed resolution after resolution for reduction and these were ignored up to this year. What we are trying to do here is to integrate this bridge into the state highway system. I feel this is intelligent legislation. I do not think that we should proceed, however, after having read the City Attorney's opinion. I cannot see anything wrong with Supervisor Halley's suggestion that the matter be referred to the Mayor's Committee.

Supervisor Ferdon thereupon moved, seconded by Supervisor Halley, that the pending legislation be re-referred to the Mayor's State Legislation Committee and that Mr. Cleary be asked to see that no action be taken at Sacramento until the entire matter has been clarified.

Supervisor McCarty moved as a substitute, seconded by Supervisor Arnold, that the Board go on record as opposing enactment of Senate Bills Nos. 332 and 333.

The President of the Board ruled the substitute motion out of order because, in substance, it merely reflects an action that must be taken on the calendar matter. He suggested that the proper thing to do would be to vote down the pending motion for re-reference and then vote on the calendar item.

The roll was thereupon called and the motion to re-refer the matter to the State Legislation Committee *lost* by the following vote:

Ayes: Supervisors Carberry, Dobbs, Ferdon, Halley—4.

Noes: Supervisors Arnold, Blake, Christopher, Ertola, McCarty, McMahon—6.

Absent: Supervisor McAteer—1.

Supervisors Carberry, Ferdon and Dobbs stated they would vote against the pending measure because of doubts expressed by the City Attorney as to the constitutionality of the pending bills.

The roll was thereupon called and the pending measure was *refused adoption* by the following vote:

Noes: Supervisors Arnold, Blake, Carberry, Christopher, Dobbs, Ertola, Ferdon, Halley, McCarty McMahon—10.

Absent: Supervisor McAteer—1.

State Legislative Representative Notified of Board Action.

Supervisor Halley requested that the Clerk immediately by telephone, inform Don Cleary, the City's Legislative Representative at Sacramento, of the Board's action in connection with proposed enactment of Senate Bills Nos. 332 and 333.

No objection and the *Clerk was directed to comply.*

Discussion on Civilian Defense.

At the invitation of the President of the Board, Admiral A. G. Cook, head of the San Francisco Disaster Council and Corps, appeared before the Board members and explained the confusion that surrounded the "yellow alert" of last Thursday.

Supervisor Christopher criticized the Disaster Council for failing to adequately prepare the people of San Francisco as to what to do in case of alerts. Admiral Cook replied that the Council has utilized the radio and press to the fullest advantage in the dissemination of information to the public.

Supervisor Ferdon deplored the lack of a close liaison between the city and state, and between the state and the federal government, and called upon the Board to consider the creation of a committee of the Board which would be of assistance to the local disaster corps in the dissemination of vital civil defense information. He thereupon introduced the following measure:

Reference to Committee.**Requesting Study Looking to the Establishment of a Standing Committee of the Board of Supervisors Relating to Civilian Defense.**

File No. 13227, Resolution No. . . . (Series of 1939).

Referred to Rules Committee.

Admiral Cook agreed that the formation of such a committee would be of material assistance to his council.

Supervisor Christopher disagreed with the thought that the Board's committee should assist in civilian defense matters, and that the responsibility of civilian defense rested with the Mayor, as commander-in-chief.

Supervisor McCarty assailed the federal government for not providing cities with funds with which to carry on the work of civilian defense and that the Board should go on record memorializing the federal government to assume the responsibility of allocating funds to cities in the furtherance of civilian defense preparations.

Supervisor Ferdon ventured the thought that the creation of a Board committee on civilian defense would assist in constantly bringing before the public an awareness of the necessity of adequate knowledge and preparation in event of local disaster.

Supervisor Ferdon requested that the Clerk write to the Mayor, advising him of the Board's hearing and of the necessity for a more appropriate educational civilian defense program.

No objection and the *Clerk was directed to comply*.

There being no further discussion, the hearing on civilian defense was terminated.

Resumption of Consideration of the Departmental Budget for the San Francisco Disaster Council and Corp (Index 2.78).

Supervisor Arnold, seconded by Supervisor McCarty, renewed his motion for approval of the budget as recommended by the Finance Committee.

Supervisor Halley inquired of Admiral Cook whether or not the reduction of \$500 for postage would work a hardship on his department.

Admiral Cook replied that he believed that all items originally included in his budget were necessary for the efficient operation of the Disaster Council, and that the item for postage was required to carry out the information dissemination program that was to be undertaken by the Disaster Council.

Supervisor Arnold explained that the Finance Committee had recommended a reduction of \$500 for postage in accordance with past experience. Last year the amount of \$1,800 was budgeted and during the first six months of the current fiscal year \$1,211 was expended and it is estimated that during the last six months only \$589 would be used, therefore in line with past experience it was the thinking of the Finance Committee that the amount allowed for this item should be \$1,800.

Supervisor Halley explained that he would vote in favor of the recommendations of the Finance Committee on the condition that if additional funds were required the Board would entertain such requests.

Motion carried by the following vote:

Ayes: Supervisors Arnold, Blake, Christopher, Ertola, Ferdon, Halley, McCarty, McMahan—8.

Absent: Supervisors Carberry, Dobbs, McAteer—3.

Recommendations of State Legislation Committee.

Supervisor Halley presented the following recommendations of the State Legislation Committee:

1. A.B. 3545—Smog Control Bill.

(The Committee recommends to the Board that the City and County of San Francisco support the Smog Control Bill, providing all the nine Bay Counties are included; that if any counties are excluded, San Francisco be afforded the same privileges as the excluded counties and be permitted to join the Smog Control District at the will and pleasure of the Board of Supervisors. It was further recommended that the Assessor's office review the taxing features of the bill and to recommend to the Board of Supervisors their estimate of cost to the City and County of San Francisco.)

Supervisor Halley moved the foregoing recommendation; seconded by Supervisor Ertola.

Supervisor Ferdon stated he did not relish the feature of selectivity; that unless the full nine Bay Area counties are included in the measure, he would vote against the bill.

The question of county financing next arose, and pending a discussion of that particular feature, Supervisor Halley *temporarily withdrew* his motion.

Discussion was had with respect to the financial burden which must be assumed by the individual counties, and at the conclusion of such discussion, Supervisor Halley moved that the Board oppose A.B. 3545, the Smog Control Bill, in its present form. Motion seconded by Supervisor McMahon.

Supervisor Halley ventured the opinion that the bill should be modified to assure the City and County of San Francisco that it will not be saddled with a major portion of the expense.

Supervisor McMahon expressed the opinion that smog control, as such, would not work unless and until all of the nine Bay Area counties agreed to participate.

Supervisor Carberry believed that consideration should be postponed one week for the purpose of determining definite figures of cost.

Substitute—Lost.

Supervisor Carberry thereupon moved as a substitute that consideration be continued for one week and that the Clerk in the meantime obtain from the proper agency figures as to cost.

Motion lost for want of a second.

Substitute—Withdrawn.

Supervisor Ferdon moved as a substitute that we oppose the legislation as amended and ask our representatives in Sacramento to bring out of the committee a smog control bill to include the nine Bay Area counties.

There being no objection, motion *withdrawn*.

The roll was thereupon called on Supervisor Halley's motion that the Board oppose A.B. 3545, the Smog Control Bill, in its present form, and it *carried* by the following vote:

Ayes: Supervisors Blake, Carberry, Christopher, Ertola, Ferdon, Halley, McMahon—7.

Absent: Supervisors Arnold, Dobbs, McAteer, McCarty—4.

Motion Adopted.

Supervisor Ferdon moved, seconded by Supervisor Halley, that A.B. 3545, introduced in the State Legislature on January 21, 1955, be amended to provide for the inclusion of the Counties of Solano, Sonoma and Napa in the regional district; that a workable financial provision be formulated and that if thus amended, the Board of Supervisors of the City and County of San Francisco recommends its passage.

Motion *carried* by the following vote:

Ayes: Supervisors Blake, Carberry, Christopher, Ertola, Ferdon, Halley, McMahon—7.

Absent: Supervisors Arnold, Dobbs, McAteer, McCarty—4.

2. A.B. 2449. Relating to qualification requirements for political parties.

Motion *carried* by the following vote:

Ayes: Supervisors Blake, Carberry, Christopher, Ertola, Ferdon, Halley, McMahon—7.

Absent: Supervisors Arnold, Dobbs, McAteer, McCarty—4.

3. Water Bills. The City Attorney recommended that the Legislation Committee accept his recommendations on 174 additional water bills. These bills were similar to the analysis made on March 11, 1955. The bills in question add nothing new to the former recommendations made.

(The recommendations were turned over to the City Legislative Representative to act accordingly.)

Supervisor Halley moved, seconded by Supervisor Ertola, that the Board go on record as approving the recommendation of the City Attorney.

Motion *carried* by the following vote:

Ayes: Supervisors Blake, Carberry, Christopher, Ertola, Ferdon, Halley, McMahon—7.

Absent: Supervisors Arnold, Dobbs, McAteer, McCarty—4.

Report Requested of Controller.

Supervisor Carberry moved, seconded by Supervisor Blake, that the Controller be requested to furnish a report on the cost to the city in the event that A.B. 2850 and A.B. 3696, relating to a specific site for small boats harbor and for the repayment of \$2,500,000 to the state, are enacted into law by the State Legislature, and if bond issues may be needed to repay the monies.

No objection and motion *carried*.

Supervisor Ferdon moved that when the Board recess this day it do so to convene again on Thursday, May 26, 1955, at 2 p. m., at which time consideration will be given to first passage of the Annual Appropriation and Salary Ordinances, and to such other matters as may properly come before the Board. Re-reference to Streets Committee.

The following measure from Streets Committee, without recommendation, was taken up:

Approving and Accepting Performance Bond of Redwood Terrace Company as Principal and Fidelity and Casualty Company of New York as Surety in Connection With Street Work in Postel Heights; Terminating Performance Bond of City Title Insurance Company as Principal and Fidelity and Deposit Company of Maryland as Surety.

File No. 8486-1, Resolution No. . . . (Series of 1939).

Motion to Re-refer to Committee.

Supervisor Blake moved re-reference to Streets Committee because it was his understanding the property in question has again been sold and a new bond was required. Motion seconded by Supervisor Ferdon.

Supervisor Halley asserted that since finances were involved, the matter should be referred to the Finance Committee, and accordingly moved, as a substitute, seconded by Supervisor Ertola, that the subject matter be referred to the Finance Committee.

Deputy City Attorney Thomas Blanchard suggested reference to committee so that all legal questions may be studied.

The roll was thereupon called on the substitute motion and it carried by the following vote:

Ayes: Supervisors Arnold, Blake, Carberry, Christopher, Dobbs, Ertola, Halley, McAteer, McCarty, McMahon—10.

No: Supervisor Ferdon—1.

Supervisor Ferdon objected to reference to Finance Committee, contending the subject involved was one strictly under the jurisdiction of the Streets Committee, since no actual funds are involved.

Motion to Rescind.

Supervisor Dobbs accordingly moved rescission; seconded by Supervisor McCarty.

Supervisor Halley raised the question as to who has the power to determine whether the City and County should collect on a performance bond.

Supervisor Arnold: Mr. Blanchard, are we jeopardizing our legal position by substituting one surety for another? There is a distinct legal problem or problems which should be studied by the Streets Committee only upon the advice of the City Attorney. Will therefore vote now to have the matter re-referred to the Streets Committee.

Request for Information.

Supervisor Arnold requested that the City Attorney advise the Board of Supervisors as to the legal aspects which might arise in the pending matter, particularly whether, by releasing one surety and accepting a substitute surety, the City and County of San Francisco would, in any way, jeopardize its position with respect to the obligation of the City Title Insurance Company and the Fidelity and Deposit Company of Maryland; also, whether the performance bond of the Redwood Terrace Company as principal and the Fidelity and Casualty Company of New York as surety would be an acceptable substitution for the performance bond of the City Title Insurance Company as principal and the Fidelity and Deposit Company of Maryland.

No objection and the *Clerk was directed to comply.*

Supervisor Halley requested that the Controller likewise inform the Board on any aspects of the subject matter which may come within his purview.

No objection and the *Clerk was directed to comply.*

The roll was thereupon called on the motion to rescind and it carried by the following vote:

Ayes: Supervisors Arnold, Blake, Carberry, Christopher, Dobbs, Ferdon, McAteer, McCarty, McMahon—9.

Noes: Supervisors Ertola, Halley—2.

Motion to Re-refer to Streets Committee.

Supervisor Ferdon thereupon moved, seconded by Supervisor Halley, that the subject measure be re-referred to the Streets Committee for the purpose of studying the questions advanced by Supervisors Arnold and Halley and to await a report from the City Attorney.

(The above measure was returned vetoed and disapproved by the Mayor on June 9, 1955, accompanied by the Mayor's explanatory letter of the same date.)

Telegram Read.

Supervisor Halley read a telegram received by Congressional Representative Marvin E. Lewis from Norman Paige, commenting on the activities of the Automotive Safety Foundation.

Discussion.

Supervisor Ferdon mentioned that the members of the Board, with the exception of Supervisor McAteer, who had been absent from the Board for some time, were thoroughly familiar with the need for the particular survey in question. He stressed the fact that city departments would be happy to extend every possible cooperation and the work would not interfere with their routine duties. He further mentioned that the Board had, in the past, appropriated large sums of money for other surveys.

Supervisor Blake stated that while he believed Supervisor Ferdon's request was worthwhile, he believed that the Mayor had outlined certain objections which should be ironed out, and was administering the affairs of the city in a business-like manner.

Supervisor McAteer asked Barney Ward, Deputy City Attorney, whether the efforts of Supervisor Ferdon constitute a violation of Section 22 of the Charter. Mr. Ward replied that they did not.

Chief Administrative Officer Thomas A. Brooks, in reply to a query, stated he did not believe that any assistance which may be

required by the Automotive Safety Foundation would impose an undue burden upon the employees of any of the departments under his jurisdiction.

Supervisor Arnold expressed the opinion that everyone should be in favor of the legislation proposed by Supervisor Ferdon, and pointed out that the Mayor himself was in favor of the purpose of the legislation; however, he had vetoed it, basing his veto on certain outlined objections. The veto therefore should be sustained and the measure referred to committee where the Mayor's objections may be ironed out.

Supervisor McCarty stated he would vote to override the Mayor's veto because he believed the survey should be conducted. He emphasized that there was no way of knowing how much material and supplies, employees' cooperation and other assistance would be required by the Automotive Safety Foundation. He did know, however, that the sum of \$5,000 requested would merely pay for out-of-pocket cost to the Foundation and would in no way be considered as a fee. The Foundation had conducted many such surveys all over the country and had recently concluded one in Los Angeles. So the question, Supervisor McCarty pointed out, boils down to the query "Do we want a survey?"

Supervisor Halley stated he had made inquiry concerning the Automotive Safety Foundation, which was founded in 1937, and would vote to sustain the Mayor's veto.

Supervisor Carberry declared that consideration of the pending measure should be considered in the light of recent developments and should be deemed to be good legislation. He, accordingly, would vote to override the Mayor's veto.

Supervisor Dobbs stated he would vote to override the Mayor's veto. He expressed the belief that the Mayor should have contacted Supervisor Ferdon for the purpose of getting together and ironing out any apparent differences which may have existed.

Question Put.

The President of the Board stated that the question before the Board was: "Shall this ordinance be finally passed notwithstanding the Mayor's veto?" A vote "Aye" will override the Mayor's veto; a vote "No" will sustain the veto. Eight votes are required to override the Mayor's veto.

The roll was thereupon called and the Mayor's veto was *sustained* by the following vote:

Ayes: Supervisors Carberry, Christopher, Dobbs, Ferdon, McCarty, McMahon—6.

Noes: Supervisors Arnold, Blake, Ertola, Halley, McAteer—5.

Supervisor McAteer inquired as to the reason for the motion to re-refer the measure, whereupon Supervisor Ertola informed him that representatives of the Southern Pacific Railroad Company were not notified of committee hearings heretofore held.

There being no objection, motion *carried*.

The President of the Board directed that registered letters be sent to the interested parties in the event a committee hearing is scheduled on the measure.

Suspension of Rules.

Supervisor Ferdon moved, seconded by Supervisor Dobbs, that the rules be suspended for the purpose of considering the following recommendation of Police Committee out of order.

No objection and motion *carried*.

Re-reference to Committee.

Approving Change from Angle to Parallel Parking on Monterey Boulevard, South Side, Between Ridgewood Avenue and Foerster Street.

File No. 10545-1, Resolution No. . . . (Series of 1939).

The Supervisor accordingly moved, seconded by Supervisor Dobbs, that the pending measure be re-referred to committee.

No objection and motion *carried*.

Discussion.

Supervisor McMahon expressed the opinion that the position should be placed on a full-time basis, in which thought Supervisor Carberry concurred.

Supervisor McCarty pointed out that if such a position received full-time status, the city would probably be required to pay a fabulous price as compensation.

Supervisor Christopher stated that he has always entertained mental reservations about the position in the past because of inherent conflicts between the City and County and the clients of the legislative representative and he has arrived at the conclusion that the need does not exist for a Washington lobbyist for the remainder of the calendar year and he would vote accordingly.

Supervisor Blake emphasized the need of a Washington Legislative Representative, pointing out that in the absence of one, the big jobs in Washington will go to other cities who do have such representation. San Francisco should have one if this city is to continue to enjoy the status of an international port.

Supervisor Ferdon expressed the opinion that the measure should be sent back to committee to determine the feasibility of placing the position on a full-time basis. A part-time basis, the Supervisor pointed out, would involve a conflict of interests and, accordingly, he would vote against the measure.

The roll was thereupon called on the measure, as amended, and it was adopted by the following vote:

Ayes: Supervisors Arnold, Blake, Dobbs, Ertola, Halley, McAteer, McCarty—7.

June 20, 1955—Re-referred to Finance Committee.

Discussion.

Supervisor McAteer expressed the opinion that the Parking Authority should exert every possible effort to reach an agreement with the owners of the property involved before resorting to the use of eminent domain proceedings.

Discussion.

Supervisor McCarty spoke on the matter, pointing out that it was his understanding that the positions would be filled from civil service employees within the respective departments in which event two positions would be vacant.

Supervisor Christopher stated it would be a good idea to have the full membership of the Board act on charter amendments submitted to the people and suggested continuance.

Supervisor Ferdon accordingly moved, seconded by Supervisor McCarty, that consideration be continued until the full membership of the Board is present.

No objection and motion *carried*.

File No. 11261-8, Resolution No. 15689 (Series of 1939).

Supervisor Ferdon declared that the shuttle bus service at the five-cent rate has proved to be a most popular one and saw no reason why it should not be continued on a permanent basis and thus obviate the necessity of coming before the Board every six months for approval.

He thereupon moved, seconded by Supervisor McAteer, that the Public Utilities Commission consider placing the Downtown, Financial Area and Civic Center five-cent shuttle bus service on a permanent basis, and that consideration be likewise given to placing the Mission Street (Miracle Mile) five-cent shuttle bus service on a permanent basis after December 31, 1955.

The sum of \$8,334.76 is twice the amount of taxes as estimated by the Controller.)

Discussion.

Supervisor Carberry raised the question whether the subject measure had been approved by the City Planning Commission. Mr. Bryant Hall, Acting Director of Planning, stated that it had been so approved.

Supervisor Arnold suggested to the Streets Committee that it consider a declaration from the subdivider and an offer to dedicate the lands in question for street purposes. If such a declaration were proffered which would contain an offer of dedication for street purposes, then the Board could either accept or reject it, and it would not have all of the obligations of an owner.

Supervisor McCarty opposed the present measure on the grounds that if the city accepted the deeds, and then proceeded to improve the streets, it would then be liable for any damages which may ensue as a result of such improvements.

Supervisor Arnold stated he wasn't satisfied with the measure as it appeared on the calendar and moved its re-reference to committee so that his thoughts and those expressed by Supervisor McCarty may be given consideration. Motion seconded by Supervisor McCarty and *carried* by the following vote:

State Funds for Construction of Auditorium.

Supervisor Christopher presented a communication from the City of Los Angeles regarding the construction of an auditorium by state funds.

Supervisor Christopher: The City of Los Angeles is about to construct a large auditorium at Sixth and Flower Streets, to be constructed by funds allocated by the state, to the Redevelopment Agency of that city. We have several projects in mind, the one in the South of Market area and the wholesale produce market. We should construct a tremendous auditorium that would house 34,000 people and this would bring tremendous business to our city. It might be possible to obtain state funds for this project. I suggest the matter be referred to the proper committee for study.

Referred to the Public Buildings, Lands and City Planning Committee.

Supervisor Ferdon suggested that the foregoing thought might be conveyed to Don Cleary, the City's Legislative Representative, if the committee believes the plan feasible.

Use of Gas Tax Funds for Transit Facilities.

Supervisor Christopher presented a communication from the City Attorney regarding the use of gas tax funds for transit facilities.

Supervisor Christopher: I have written to the City Attorney inquiring whether gas tax funds may be used for the improvement of our rapid transit system, the building of a subway, elevated structures and other improvements. The City Attorney has stated that this would require a constitutional amendment. The State Highway Department is going to construct a huge ferry boat out of gas tax funds to cross the Carquinez Straits. I wrote the City Attorney again about the appropriation of gas tax funds for the ferry boat. Mr. Holm explained his thinking in the matter, which indicated that we cannot use gas tax funds for the purposes described. I am going to refer the matter to committee for further study, and for possible reference to the City Attorney's office for the preparation of legislation to have a constitutional amendment approved by the people.

Referred to Streets Committee.

Reference to Committee.

Supervisor Ferdon mentioned that the U. S. Senate had already passed S. 928 relating to the subject of air pollution, and that the matter be referred to the appropriate committee for study and for the feasibility of determining whether the committee would recommend passage of the measure by the House.

Referred to the Public Health and Welfare Committee.

Study of Reports on One-Way Operation on Post and O'Farrell Streets.

Statement by Supervisor Halley.

Supervisor Halley: I want the record to show if the matters had been voted upon today, the matter of submission of the various bond issues to the people in November, that if I had been present, I would have voted \$54,000,000 for the power plants, \$13,000,000 for the Courts Building, would have voted for the Recreation and Park improvements in amount of \$7,000,000 and would have voted for the recommendation of the Parking Authority in the sum of \$11,000,000. I regret that next week I will be absent from the city and will be unable to vote on the recommendations of the Finance Committee which will be before the Board next Monday.

The Chair wanted the record to show that Supervisor Halley mentioned the sum of \$7,000,000 for Recreation and Park bond issue although the resolution of public interest and necessity introduced by Supervisor Arnold did not contain any figure.

Supervisor Arnold expressed the hope that consideration of the bond measures might be deferred until Supervisor Halley returns on July 25th.

The sum of \$8,334.76 is twice the amount of taxes as estimated by the Controller.)

Noes: Supervisors Carberry, Dobbs, Ferdon, McMahon—4.

Absent: Supervisors Christopher, Ertola, McCarty—3.

Statement by Supervisor McAteer Relating to the Parking Authority.

Supervisor McAteer criticized the Parking Authority and prophesied that the \$11,000,000 bond issue sponsored by the Authority would be defeated. He believed the people should be told what the Parking Authority intended to do with the remaining \$4,000,000 in the original \$5,000,000 off-street parking bond fund, approved in 1947, and they should be asked what they desire in the way of public parking, and expressed the hope that the Board would examine the proposed \$11,000,000 bond issue very closely.

Request for Preparation of Charter Amendment.

Supervisor McAteer requested that the City Attorney be asked to prepare a charter amendment for submission at the November 8, 1955, election, which will place the parking of automobiles—the entire parking problem of the community—into the charter, under the jurisdiction of the Public Utilities Commission, declaring same to be a public utility.

No objection and the *Clerk was directed to comply.*

Statement by Supervisor McAteer on the San Jose Public Parking Problem.

The City of San Jose has voted \$2,500,000 in revenue bonds to provide off-street parking facilities. The revenues from parking meters are pledged to amortize this debt. The interest on these bonds is $2\frac{3}{4}$ per cent.

The City is now in the process of acquiring property to provide four parking lots. Eighty per cent of the property has presently been acquired through negotiation and it is expected that by Christmas of this year the balance of the property will be acquired either through negotiation or eminent domain.

The City, under its present program, will provide four parking lots which will accommodate in the aggregate 1500 cars.

One lot is presently in operation; it is expected that another will be in operation in two weeks; that a third will be in operation in six weeks and that all four of the lots will be in operation by Christmas.

The lots will be operated by the City with municipal personnel working on a part-time basis.

Parking demand in San Jose commences at about 10 a. m. and the peak is found between 1:30 p. m. and 3:00 or 3:30 p. m.

The schedule of rates for parking is as follows:

1st hour	10c
2nd hour	10c
3rd and each hour thereafter	15c
Maximum charge	65c
Evening parking	35c

Under the provisions of the revenue bond measure the rates can be changed once a year, up or down.

Supervisor McAteer declared that if the submission of a charter amendment is not possible he intended to submit a declaration of policy which will probably be in the following form: "Shall automobile parking in San Francisco be designated as a public utility and operated accordingly?"

Supervisor Ferdon declared that it would be illogical to submit a bond issue for off-street parking and at the same time contemplate the submission of a charter amendment which would disband the Parking Authority.

Supervisor Arnold, Chairman of the Finance Committee, stated that the entire matter would be discussed at length at the meeting of the Finance Committee scheduled for tomorrow at 3 p. m. in Room 228, and requested that the Clerk so inform the representatives of the Authority of such meeting.

Supervisor McAteer was informed of the dates beyond which it would be impossible to consider the submission of charter amendments and declaration of policy.

Supervisor McAteer stated he would contact Mr. Blanchard, Deputy City Attorney, with respect to the proposed measures he had in mind.

ADJOURNMENT.

There being no further business, the Board, at the hour of 5:50 p. m., adjourned.

JOHN R. McGRATH, Clerk.

Approved by the Board of Supervisors July 25, 1955.

I, John R. McGrath, Clerk of the Board of Supervisors of the City and County of San Francisco, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date hereon stated and approved as recited.

JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

MONDAY, JULY 11, 1955—2:00 P. M.

In meeting of Board of Supervisors, San Francisco, Monday, July 11, 1955, 2:00 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Arnold, Blake, Carberry, Christopher, Dobbs, Ertola, Ferdon, McAteer, McMahon—9.

Absent: Supervisors Halley, McCarty—2.

Quorum present.

President George Christopher presiding.

Supervisors Halley and McCarty on authorized leaves.

Approval of Journal.

The Journal of Proceedings for Monday, June 20, 1955, was considered read and approved.

Communications.

From the League of California Cities, Peninsula Division, notice of dinner meeting at Sunnyvale on Thursday, July 21, 1955.

Copies to Board members; filed.

From State Legislature, Assembly resolution relative to the Tenth Anniversary Commemorative Session of the United Nations.

Ordered filed.

Privilege of Floor to Congressional Legislative Representative, Marvin E. Lewis.

The Congressional Legislative Representative informed the Board of the plan of the West German Government and the German airlines, the Deutsche Lufthansa, to inaugurate an airline route over the Great Circle Route via either Los Angeles or San Francisco; that in was his understanding that the City of Los Angeles had already dispatched a delegation to Germany for the purpose of having that government approve of the southern city as the logical western terminus. He suggested that San Francisco likewise appoint a delegation for the purpose of impressing upon the German Government of the many advantages possessed by the San Francisco International Airport.

Supervisor Christopher suggested that the Finance Committee on Wednesday authorize such a trip after considering all of the facts.

Supervisor McMahon suggested that efforts be made to determine whether Los Angeles is sponsoring the trip or if the funds are authorized by the Los Angeles Chamber of Commerce.

Supervisor Arnold, Chairman of the Finance Committee, stated that his committee would meet on the matter on Wednesday and make a recommendation to the Board next Monday.

Suspension of Rules.

Supervisor Ertola moved the suspension of the rules for the purpose of considering the following measure out of order. Motion seconded by Supervisor Carberry and, there being no objection, motion *carried*.

Adopted.

Inviting the Deutsche Lufthansa to Establish the West Coast Terminus of Its Projected Great Circle Route at the San Francisco International Airport.

File No. 13479, Resolution No. 15746 (Series of 1939).

Supervisor Ertola moved adoption; seconded by Supervisor Carberry.

Adopted by the following vote:

Ayes: Supervisors Arnold, Blake, Carberry, Christopher, Dobbs, Ertola, Ferdon, McAteer, McMahon—9.

Absent: Supervisors Halley, McCarty—2.

Further Board Action.

Supervisor Christopher directed that a cablegram be immediately dispatched to the proper authorities in Germany, notifying them of the foregoing Board action; further, that the Board would appreciate advice if a delegation from San Francisco would be of material assistance in having the Deutsche Lufthansa establish their western terminus at the San Francisco International Airport, and that such information be made available, if possible, for consideration by the Finance Committee for its meeting scheduled for Wednesday, July 13, at 3 p. m.

No objection and the *Clerk was directed to comply*.

Supervisor Christopher likewise stated that he would make a personal phone call in an attempt to get quick action.

Mr. Lewis pointed out that both the German Consul and German Embassy considered that the use of a San Francisco delegation to Germany would be an excellent idea.

Supervisor Ferdon raised the question of whether such action by the Board would be violating protocol. However, he was assured by Mr. Lewis that such action would not be considered as violative.

There being no further discussion, the foregoing matter was *referred to the Finance Committee for further action*.

Construction of Navy Carrier.

Mr. Marvin E. Lewis next brought up the subject of the proposed construction of a navy carrier at the San Francisco Shipyard. He pointed out that President Eisenhower's Secretary had asked him that a brief be prepared on the matter and that it would be given very serious consideration. Mr. Lewis stated that Senator Magnusson is doing all in his power to have the construction of the carrier assigned to Bremerton, Washington. It has been determined that the preparation of the brief would entail an expense of \$2,000 and he had been assured by the Chief Administrative Officer that such funds would be available. Mr. Lewis concluded by saying that he has been directed by the Mayor to take this matter up with the Board of Supervisors for the purpose of having the Board appropriate the funds as quickly as possible.

Supervisor Blake thereupon moved, seconded by Supervisor Ertola, that the matter be referred to the Finance Committee for action. Motion seconded by Supervisor Ertola and, there being no objection, motion *carried*.

Surplus Land at Fort Funston.

Mr. Marvin Lewis: Two hundred and eight acres of land located at Fort Funston were originally set aside for the veterans' hospital. Then the Veterans' Administration decided not to build the hospital, and the land went back into the custody of the General Services Administration. It was then advertised for bid for a period of 90 days and if no bids were received, it would then be open to general sale. Within the 90 days, the Army stated it wanted the entire 208 acres for docks, supply depots and the like. I pointed out that the Army grabbed this particular land even while they had other land available for the purposes in mind. Need must be shown for the land. A letter should be sent by the Board direct to the General Services Administration, reminding them that while it is not the desire of San Francisco to interfere in any way with the national defense, it wants to be sure that no land is taken unless absolutely necessary.

The President *referred the matter to the County, State and National Affairs Committee as well as to the Mayor for determination of policy.*

Consideration of Legislation Out of Order.

Supervisor Dobbs moved, seconded by Supervisor Ferdon, that the rules be suspended for the purpose of considering the following recommendation of the Police Committee out of order.

No objection and motion *carried.*

Consideration Continued.

Amending Article 3, Chapter XI (Traffic Code), Part II of the San Francisco Municipal Code, by Adding Thereto New Sections to Be Designated Sections 71.1 and 71.2, Prohibiting Railway Trains or Railway Cars from Obstructing Streets; Prescribing Penalties Therefor.

File No. 12455-1, Ordinance No. . . . (Series of 1939).

Supervisor Dobbs moved, seconded by Supervisor Ferdon, that consideration of the foregoing measure be continued for a period of four weeks.

The President introduced a communication from the A.T.&S.F. Railroad in which they declared that they did not receive a registered letter advising them of a Police Committee hearing until after the date of the hearing. It was pointed out that the letter was sent to 310 Sansome Street, and reforwarded from there to the correct address.

Supervisor McAteer asserted that at the last meeting of the Police Committee, Mr. Randolph Karr, representing the Southern Pacific Company, had declared that he was speaking for all of the carriers.

Privilege of the Floor.

The privilege of the floor was extended to Mr. Randolph Karr, General Attorney for the Southern Pacific Company, who explained that he had contacted various officials of the A.T.&S.F. Railroad about the meeting of the committee.

Mr. Joseph S. Rogers, attorney-at-law, representing the A.T.&S.F. Railroad, next spoke, advising that the matter of the Police Committee meeting had just been called to his attention by the Los Angeles superintendent of the company. He stated he wanted more time to consider the proposal, particularly that section where the fine for violating the provisions of the measure was fixed at \$250.

Supervisor McAteer declared that even if the A.T.&S.F. Railroad had not been notified, sufficient public notice had been given, and that the proposed 30 days' extension will accomplish absolutely nothing.

Supervisor Arnold moved as a substitute, seconded by Supervisor Carberry, that the measure be re-referred to committee, for the purpose of hearing from the A.T.&S.F. Railroad and from any other parties who have not been heard.

Supervisor Blake asked the Southern Pacific counsel whom he represented, and Mr. Karr replied that he represented all of the interested railroads.

Supervisor Ferdon opposed re-reference to committee, pointing out that continuance for 30 days would provide the counsel for the Santa Fe Railroad sufficient time to present new data, and if such data warrants further study, it could then be referred to committee.

Supervisor Ertola asserted that his committee had given the matter every possible consideration; it had heard from all interested parties, and that he, accordingly, would vote against re-reference.

Supervisor Dobbs stated he would like to have the Santa Fe look over the proposed legislation and accorded the opportunity of being heard in committee.

The roll was thereupon called on the motion to re-refer to committee and it lost by the following vote:

Ayes: Supervisors Arnold, Carberry, Dobbs—3.

Noes: Supervisors Blake, Christopher, Ertola, Ferdon, McAteer, McMahan—6.

Absent: Supervisors Halley, McCarty—2.

Supervisor Blake moved, as an amendment, that consideration be continued for two weeks. Motion seconded by Supervisor Ertola.

There being no objection, the foregoing motion was *withdrawn*.

Supervisor McAteer expressed opposition, contending that all interested parties have been heard.

The roll was thereupon called on the motion to continue consideration for a period of four weeks and it *carried* by the following vote:

Ayes: Supervisors Arnold, Blake, Carberry, Christopher, Dobbs, Ferdon, McMahan—7.

Noes: Supervisors Ertola, McAteer—2.

Absent: Supervisors Halley, McCarty—2.

Suspension of Rules.

Supervisor Arnold moved, seconded by Supervisor Dobbs, that the rules be suspended for the purpose of considering the following recommendations of Finance Committee out of order.

No objection and motion *carried*.

Supervisor Arnold moved, seconded by Supervisor Dobbs, that in view of the fact that the full membership of the Board is not expected until July 25th, consideration of the following measure be continued until that date.

Motion *carried* by the following vote:

Ayes: Supervisors Arnold, Blake, Carberry, Christopher, Dobbs, Ertola, Ferdon, McAteer, McMahan—9.

Absent: Supervisors Halley, McCarty—2.

Adopted.

Supervisor Arnold moved, seconded by Supervisor Dobbs, that the Clerk of the Board be directed to request a supplemental appropriation of \$10,000 from such funds as are legally available for the purpose, to be credited to the Chief Administrative Officer, to guarantee the successful conduct of the Eleventh Grand National Livestock Exposition to be held at the Cow Palace, October 28 through November 6, 1955.

Ayes: Supervisors Blake, Carberry, Christopher, Ertola, Ferdon, Halley, McMahon—7.

Discussion.

The City Attorney, Dion R. Holm, informed the Board that if all of the bond measures are adopted unanimously, they could be incorporated into the measure calling for the special election and thus obviate the necessity of additional publication with its attendant increase in cost.

Statement in Opposition.

Supervisor McAteer stated he intended to vote against the measure, pointing out that in 1947 the voters approved a \$5,000,000 bond measure for off-street parking. Today there is still four million dollars in the fund, and he cannot understand how the Parking Authority can go before the electorate and ask for \$11,000,000 more when funds from the 1947 bond issue are still available. He pointed out, further, the slow progress made by the Parking Authority since its inception in 1949.

The roll was thereupon called and the measure, as amended, was *adopted* by the following vote:

Ayes: Supervisors Arnold, Blake, Carberry, Christopher, Dobbs, Ertola, Ferdon, Halley, McCarty, McMahon—10.

Designating Post and O'Farrell Streets as One-way Streets—All Times.

File No. 12579-6, Resolution No. 15776 (Series of 1939).

Supervisor Carberry stated that he regretted that a committee was not formed to accord the subject the consideration it deserved; however, the Board members had been supplied with reports from the Police Department, Department of Public Works and the Municipal Railway to assist them in arriving at a decision.

Captain Otto Meyer, Director of Traffic, Police Department, averred that one-way traffic regulations on Post and O'Farrell Streets had greatly expedited the movement of traffic.

Supervisor Dobbs declared that the Police Committee had failed to lend sufficient emphasis to the statements of merchants that the one-way status would result in loss of revenue, and that he, accordingly, would vote against the measure.

The roll was thereupon called and the measure was *adopted* by the following vote:

Ayes: Supervisors Arnold, Blake, Christopher, Ertola, Ferdon, Halley, McAteer, McCarty—8.

The President Pro Tem. complied with the wish of Supervisor Dobbs and made the announcement. He then asked Deputy City Attorney Thomas Blanchard to state just how much leeway the Board possessed insofar as continuing consideration of pending applications was concerned. Mr. Blanchard replied that the Revenue and Taxation Code of the State of California provided that the Board of Supervisors shall consider applications not later than the third Monday in July, but that 20 additional days are allowed to conclude consideration of pending applications.

Supervisor Dobbs stated he would vote for the reduction in accordance with the explanation outlined by the Deputy City Attorney.

The roll was thereupon called and the foregoing motion *carried* by the following vote:

File No. 13426.

(Pursuant to Resolution No. 15711 (Series of 1939), adopted by the Board of Supervisors on Monday, June 27, 1955.)

Consideration of Possessory Interest Applications.

The Board decided to consider, at this time, those applications filed on possessory interests.

Assessor Russell L. Wolden requested that the Board defer consideration on the subject for a period of one week to permit presentation of expert testimony by the city.

Supervisor Halley accordingly moved that consideration be continued for one week.

Motion lost for want of a second.

Supervisor McAteer asked to be excused from voting due to being a majority stockholder in his business located on the waterfront.

Supervisor Ferdon expressed the opinion that all members of the Board should vote on the possessory interest applications except in those cases where a direct interest is involved.

Supervisor Blake asked for an opinion from the Deputy City Attorney as to whether he should vote on the possessory interest applications, to which Mr. Blanchard replied that when a matter comes up for consideration in which a Board member may have a direct interest, he should not vote on it, but looking at the overall picture, there is nothing in the law that prohibits any member from voting on any measure in any manner he sees fit.

Supervisor McAteer declared he believed he should be relieved from voting altogether, as he is definitely prejudiced in the matter.

Motion to Excuse Members From Voting.

Supervisor Arnold moved that Supervisors McAteer, Dobbs and Blake be excused from voting on the possessory interest applications. Motion seconded by Supervisor McMahan.

Supervisor Blake stated he would abide by the ruling of the City Attorney. Accordingly, Supervisor Arnold asked that his motion be amended by deleting therefrom the name of Supervisor Blake. Motion lost by the following vote:

Discussion.

Assessor Russell L. Wolden again repeated his request that he would like a reasonable amount of time within which to present expert testimony.

Supervisor Halley inquired as to the parliamentary procedure. Does action by the Board require only a simple majority?

Deputy City Attorney Blanchard advised the Board that affirmative action by the County Board of Equalization required six votes on any measure, this by virtue of the provisions of the Government Code. He knew of no law requiring the full vote of the Board.

The Assessor again asked for one week's postponement of any Board action, pointing out that such deference would be fair to the applicants and to the Assessor's office.

At this point, Philip L. Rezos, Director of Property, informed the Board that his office had investigated the possessory interest applications and was ready to make definite recommendations in connection therewith.

The following applications were considered:

Name of Applicant	Equalization Requested	Assessed Value	Tax Due
Pacific Far East Line, Inc.—			
Pier 42 Possessory Interest		\$47,550	\$ 3,259.17

The Director of Property recommended that the assessed value be reduced to zero.

Accordingly Supervisor Halley so moved, seconded by Supervisor Ertola, Supervisor Halley contending that the situation has not changed since last year when practically all of the possessory interest assessments were deleted.

The Assessor suggested that before the Board committed itself to a definite policy with respect to reduction of possessory interest assessments, it consider the problem of the average taxpayer. Why not take one of the pending cases and have it ruled upon by the Supreme Court?

Supervisor McCarty pointed out that if it were shown that the possessory interests had value, they would be taxed. What the Board does is based upon evidence.

The roll was thereupon called and the motion carried by the following vote:

Ayes: Supervisors Blake, Carberry, Ertola, Ferdon, Halley, McCarty—6.

Excused from Voting: Supervisors Dobbs, McAteer—2.

Absent: Supervisors Arnold, Christopher, McMahon—3.

(Note: After each of the following applications, the Assessor, Russell L. Wolden, or his deputy informed the Board of the assessed value of the land and the depreciated value of the improvements.)

Name of Applicant	Equalization Requested	Assessed Value	Tax Due
Pacific Far East Line, Inc.—			
Pier 40 Possessory Interest		\$49,065	\$ 3,360.95

Consideration Temporarily Postponed.

Supervisor McAteer, who has been excused from voting on measures to be acted upon by the County Board of Equalization, requested permission to discuss the following applications, the first one involving his firm and the balance, people that he represented. They are as follows:

Applications Nos. 81, MacSweeney Enterprises; 10, S. Guardino and Sons; 11, F. Cresci and Sons, Pier 49—Lease 3582; 12, Pete and Maria Cresci, Pier 49—Lease 3505; 24, Fisherman's Grotto Nos. 9 and 10; 25, Borruso, Joe, Frank and Anthony, Pier 49—Lease 3502; Lease 3583 (dba The Lighthouse).

Supervisor Ferdon raised the question as to the propriety of Supervisor McAteer representing firms other than the one in which he has a direct interest.

Thomas Blanchard, Deputy City Attorney, stated he could not definitely say that it was illegal to do so. It is a question of public

policy; he did not think it was a good thing personally, but that he did not know of any law that prohibited a Supervisor from representing other clients.

Supervisor McCarty requested the Clerk to check into a past ruling on the subject by the City Attorney.

At this point, Deputy City Attorney informed the Board that he had found the opinion heretofore rendered by the City Attorney's office in connection with the right of individual members of the Board representing clients who had filed applications for reduction of assessments, and although he saw no legal prohibition, he did not believe that Supervisor McAteer should represent the other owners involved.

Supervisor McCarty thereupon moved, seconded by Supervisor Ertola, that consideration of Application No. 81, MacSweeney Enterprises, be continued for one week. No objection and motion *carried*.

File No. 13426

(Pursuant to Resolution No. 15711 (Series of 1939) adopted by the Board of Supervisors on Monday, June 27, 1955.)
August 1, 1955—Consideration continued to August 8, 1955.
(See Board of Equalization Journal No. 31.)

SPECIAL ORDER—3:00 P. M.

Refused Adoption.

Disapproving Abandonment and Discontinuance of Service on the No. 56 Bus Line—Cemeteries, of the Municipal Railway of the City and County of San Francisco.

File No. 13529, Resolution No. . . . (Series of 1939).

Discussion.

Mr. Charles D. Miller, Manager of the Municipal Railway, explained the reasons which prompted the Public Utilities Commission to abandon the 56 bus line. He pointed out that supplementation of bus service by the Daly City Council decreased the revenues of the 56 bus line to a point where it was impractical to operate the line.

Mr. A. R. Linn, representing the Peninsula Bus Line, stated that his company would provide service heretofore provided by the 56 bus line to the cemeteries at the same rate of fare.

The roll was called and the foregoing measure was *refused adoption* by the following vote:

Ayes: Supervisor Ertola—1.

Noes: Supervisors Arnold, Blake, Carberry, Christopher, Ferdon, Halley, McAteer, McCarty, McMahon—9.

Absent: Supervisor Dobbs—1.

Consideration of Legislation Out of Order.

Supervisor McAteer moved, seconded by Supervisor Halley, that the rules be suspended for the purpose of considering the following recommendation of Police Committee out of order.

No objection and motion *carried*.

Amending Article 3, Chapter XI (Traffic Code) Part II of the San Francisco Municipal Code, by Adding Thereto New Sections to Be Designated Sections 71.1 and 71.2, Prohibiting Railway Trains or Railway Cars from Obstructing Streets; Prescribing Penalties Therefor.

File No. 12455-1, Ordinance No. . . . (Series of 1939).

Committee of the Whole.

Supervisor Halley moved, seconded by Supervisor Arnold, that the Board resolve itself into a Committee of the Whole for the purpose of hearing from interested parties.

Motion *carried* by the following vote:

Ayes: Supervisors Arnold, Carberry, Christopher, Ertola, Ferdon, Halley, McCarty—7.

Noes: Supervisors Blake, McAteer, McMahon—3.

Absent: Supervisor Dobbs—1.

Privilege of the Floor.

The privilege of the floor was extended to Robert W. Walker, attorney for the A.T.&S.F. Railroad.

Mr. Walker pointed out that the enactment of the proposed measure would seriously interfere with the freight operations of his company. The company has several millions invested in the terminal facilities on the waterfront to which are barged shipments from across the bay. The only alternative to the measure would be to make switch runs and the cost of this type of freight movement would be prohibitive. Mr. Walker further pointed out that no complaints of tieups of traffic had ever come to his attention. He did not particularly oppose the ordinance as such, but did believe that the minimum fine of \$250 was much too stringent.

Rise and Report.

Supervisor Arnold moved that the committee now rise and report. Motion seconded by Supervisor Halley and, there being no objection, motion *carried*.

Discussion.

Supervisor Arnold asked the Deputy City Attorney what the result would be if the State Belt Line on the waterfront were guilty of violating the provisions of the proposed ordinance. Mr. Barney Ward, Deputy City Attorney, replied that probably the legislation would be inoperative in that instance.

Supervisor McCarty stated he would not vote for the pending measure until he had answers to the following questions: How many commuters are involved; hours of commuting service; how many cars are involved, both in bringing in the commuters as well as taking them home. The Supervisor pointed out that enactment of the

measure may seriously affect the hours of service as well as disrupting the economic life of the area.

It developed that locations, other than Fourth and Townsend Streets, have been blocked by trains, particularly a portion of Seventeenth Street.

Amendment.

Supervisor McMahon moved as an amendment that the time limit beyond which it would be unlawful to block traffic be set at 15 minutes. Motion seconded by Supervisor McCarty.

Supervisor McAteer objected to the amendment, pointing out that it would defeat the original purpose of the measure.

Supervisor Arnold likewise opposed the amendment, declaring that it would be tantamount to granting a license to the carriers to block our streets for 15 minutes at a time. He voiced the opinion that the measure should be given further study, with a view to relieving the congestion and at the same time not unduly penalizing the carriers.

Amendment Lost.

The roll was thereupon called on the amendment and it lost by the following vote:

Ayes: Supervisors Christopher, Halley, McCarty, McMahon—4.

Noes: Supervisors Arnold, Blake, Carberry, Ertola, Ferdon, McAteer—6.

Absent: Supervisor Dobbs—1.

The roll was thereupon called on the measure and it passed for second reading by the following vote:

Ayes: Supervisors Blake, Christopher, Ertola, Ferdon, McAteer, McMahon—6.

Noes: Supervisors Arnold, Carberry, Halley, McCarty—4.

Absent: Supervisor Dobbs—1.

Suspension of Rules.

Supervisor McMahon moved, seconded by Supervisor McCarty, that the rules be suspended for the purpose of considering the following recommendations of Public Health and Welfare Committee out of order.

No objection and motion carried.

Passage for Second Reading as Amended.

An Ordinance Regulating the Establishment and Maintenance of Public Laundries, Public Washhouses and Automatic Laundries Within the City and County of San Francisco; Defining "Automatic Laundries"; Authorizing Inclusion of Its Provisions as Sections 354 and 360, Respectively, in Chapter V, Article 7, Part II of the San Francisco Municipal Code, and Repealing Ordinances Nos. 3300 (New Series), 7233 (New Series), and 17.192 (Bill No. 813), Relating to Public Laundries and Public Washhouses.

File No. 11980-3, Ordinance No. . . . (Series of 1939).

Amendments.

Supervisor McMahon moved the following amendments:

(1) That paragraph 2 of Section 1(b) be amended by deleting after the first word, the following: "for the establishment, maintenance, operation or carrying on of a public laundry or washhouse" so that said paragraph shall read as follows: "Permits issued hereunder are not transferable."

Motion seconded by Supervisor Carberry and *carried* by the following vote:

Ayes: Supervisors Arnold, Blake, Carberry, Christopher, Ertola, Ferdon, Halley, McAteer, McCarty, McMahon—10.

Absent: Supervisor Dobbs—1.

(2) That the words "or automatic laundry" be added after the word "washhouse," on 2nd line of page 3, and that the word "or" be deleted before the word "washhouse," and that a comma be placed after the word "laundry."

Ayes: Supervisors Arnold, Blake, Carberry, Christopher, Ertola, Ferdon, Halley, McAteer, McCarty, McMahon—10.

Noes: Supervisors Arnold, Carberry, McMahon—3.

Absent: Supervisor Dobbs—1.

Privilege of the Floor.

The privilege of the floor was extended to Attorney Albert Picard, representing the Association of Automatic Laundries in San Francisco. Mr. Picard pointed out that it was his desire to suggest two amendments on which the Committee took no action.

Rise and Report.

At the conclusion of Mr. Picard's remarks, Supervisor McAteer moved that the committee now rise and report. Motion seconded by Supervisor Ferdon and there being no objection, motion *carried*.

Supervisor McCarty, as a member of the Public Health and Welfare Committee, pointed out that while the present proposed measures do not satisfy either the Laundry Union or the automatic laundry people, it was in the nature of a compromise.

The roll was thereupon called on the measure as amended, and it was *passed for second reading* by the following vote:

Ayes: Supervisors Arnold, Blake, Carberry, Christopher, Ertola, Ferdon, Halley, McAteer, McCarty, McMahon—10.

Absent: Supervisor Dobbs—1.

Amending Section 5, Article 1, Chapter II of the San Francisco Municipal Code, Relating to Commercial Districts, by Adding to Subsection (n) Thereof, Automatic Laundries as Defined in Section 360 of the Health Code.

From Charles L. Harney, Inc., letter addressed to Supervisor Christopher, commenting on public statements by spokesmen for the Marina District merchants, seeking to leave the impression that his company was not diligently carrying out the work of reconstructing a portion of Chestnut Street.

Hearing held before Board; referred to Finance Committee.

Hearing of Spokesman of Marina District Merchants Re Speedup of Reconstruction Work on Portion of Chestnut Street.

There being no objection, the privilege of the floor was extended to Attorney K. K. Gupta, spokesman for the merchants in the Marina District. Mr. Gupta informed the Board that assurances had been given the merchants that the work of reconstructing Chestnut Street, between Scott and Fillmore Streets, would be completed by September 1st, but that based on the speed with which the work was proceeding, it would be some time beyond the September 1st date, and that the merchants are feeling the loss of business quite keenly. He suggested that plans be evolved calling for work by night crews so that work may be completed as quickly as possible. He likewise suggested rerouting Bus Line No. 30 to hasten the construction.

After further discussion involving the members of the Board, Mr. Gupta, City Engineer Ralph G. Wadsworth and Manager of the Municipal Railway, Charles D. Miller, the President suggested that the two city officials prepare a report as to what additional amount, if any, would be involved to insure a speedup of the work and that such report be submitted to the Finance Committee for its consideration on Wednesday, August 17, at 3 p. m.

Supervisor Carberry announced that a meeting would be held on Tuesday evening, 8 p. m., at 101 Grove Street, with some 170 owners of tideland property located in the southeastern section of the city for the purpose of setting machinery in motion looking to the eventual reclamation of such submerged lands for industrial and/or residential use.

The President requested that the Clerk remind each member of the Board of such meeting.

Suggesting Retention of Chief Administrative Officer Beyond Compulsory Retirement Date.

The President of the Board reminded the Board members that two weeks ago they established a precedent in passing a measure which would permit Dr. Walter Heil of the California Palace of the Legion of Honor to continue in the employ of the city beyond his compulsory retirement age. He brought out the fact that on the 8th of January next year a new mayor will take office, and that in order to assist the chief executive, the retention of Mr. Brooks was of paramount importance and suggested that the Judiciary Committee study the advisability of recommending legislation which would permit the present Chief Administrative Officer, whose retirement is compulsory next year, to continue in office.

Supervisor John J. Ferdon, Chairman of the Judiciary Committee, assured the President that his request would be given full consideration, but not until a date beyond the 10th of September, due to a heavy calendar of proposed charter amendments which merit prior consideration.

Consideration of Legislation Out of Order.

There being no objection, the following recommendation of the Police Committee was taken up out of order.

Re-referred to Police Committee.

Amending Article 3, Chapter XI (Traffic Code), Part II of the San Francisco Municipal Code, by Adding Thereto New Sections to Be Designated Sections 71.1 and 71.2, Prohibiting Railway Trains or Railway Cars from Obstructing Streets; Prescribing Penalties Therefor.

File No. 12455-1, Ordinance No. . . . (Series of 1939).

Privilege of the Floor.

The privilege of the floor was accorded his Honor, Mayor Elmer E. Robinson. The Mayor stated he has had occasion to make a careful study of the Fourth Street crossing and of talking to the Vice-

Presidents of the Southern Pacific Company in charge of the movement of freight and passengers, as well as holding conferences with Mr. Karr of the Southern Pacific Company and for the following reasons he did not consider the proposed measure as being either practical or feasible at this time and that if passed by the Board, he would veto it. His reasons follow:

The proposed ordinance amending Article 3, Chapter XI (Traffic Code), Part II of the San Francisco Municipal Code, by adding thereto new sections designated as Sections 71.1 and 71.2, prohibiting railway trains or railway cars from obstructing streets, File No. 12455 (Series of 1939), is objectionable for the following reasons:

1. Southern Pacific transports 50 per cent of the Peninsula commuters (45 per cent use automobiles and 5 per cent buses), and 36,000 people a day use the Third Street passenger station facilities. Of this number, about 12,000 persons arrive in the morning peak and 12,000 depart in the evening peak. The trains arrive at five-minute intervals in the morning peak and depart at three-minute intervals in the evening peak.

2. The only rapid transit available to Peninsula commuters is that now afforded by the Southern Pacific Company. The proposed ordinance will render it impossible for the railroad to perform the present commuter service. Before this service is disrupted, some plan should be developed to take care of the present volume of commuters. We are spending \$250,000 with the Bay Area Rapid Transit Commission for a Rapid Transit Report. We should wait and learn what its recommendations may be and its effect, if any, with reference to Fourth Street.

3. The proposed ordinance, if enforced throughout the City, would strangle industrial and economic life and be a serious detriment to normal freight and passenger operations. The disruption of freight service would adversely affect our industrial life, payrolls and jobs. The diversion of commuters to private automobiles would further congest the overcrowded highways as well as the downtown area.

4. The ultimate solution of the Fourth Street problem is the Southern Crossing. The statute, as well as the preliminary plans, provide for an approach which includes a separated crossing along Fourth Street and over the railroad property, to be constructed at no expense to the City. If this does not come about, Southern Pacific has offered to assume a substantial portion of the grade separation cost at Fourth Street, if the California Public Utilities Commission deems a separation necessary.

5. The California Public Utilities Commission has been given the exclusive power (Section 1202 of the Public Utilities Code) to determine the necessity for and to apportion costs in connection with the construction of a grade separation, such as Fourth Street. The engineers of the City and the railroad have estimated that a separation at Fourth Street will cost about \$3,500,000. Southern Pacific has offered to contribute \$1,800,000 toward the separation, if the California Public Utilities Commission deems the separation necessary. The Chief Administrative Officer on August 9, 1954, advised you concerning this matter as follows:

"... A review had been made of the decisions of the former Railroad Commission and present State Public Utilities Commission as to the allocation of costs in most grade separation cases and it was found that 50 per cent appears to be the highest the Commission exacts from a carrier."

Thus, it appears in connection with a grade separation at Fourth Street the City could be put to the expenditure of at least \$1,600,000, which expenditure could be rendered obsolete by the Southern Crossing.

6. If any separation is built across Fourth Street and over the railroad property, plans developed by the engineers of the City and

the railroad require the condemnation of much property and the removal of that property from the tax rolls.

7. With the opening of the freeways connecting the Bayshore Highway and Bay Bridge, much of the congestion and traffic which heretofore existed in the neighborhood of Fourth and Townsend Streets has been removed to the new freeways.

8. The proposed ordinance was introduced on October 25, 1954, and was pending before the Police Committee for several months. Although numerous hearings were held, I am informed by the Chairman of the Police Committee that not a single citizen or civic organization appeared in support of the proposed ordinance.

9. The ordinance as presently framed is punitive in character and hence ill-advised.

10. The ordinance as drawn would appear to apply to the employees of the State Belt Railroad operations. It is extremely doubtful if the City has jurisdiction over the State Belt Railroad. The ordinance should be specific upon the subject so that all concerned can understand its application.

11. Southern Pacific Company has advised that, as soon as the detailed plans for the Southern Crossing are available, the Southern Pacific engineers will work in cooperation with the City's engineers to assist the State engineers in the preparation of final plans which will solve the Fourth Street situation.

The Chief Administrative Officer informed the Board that conferences had been held with Southern Pacific officials looking to the construction of a Fourth Street overpass. It was decided to await a report by the San Francisco Bay Area Rapid Transit Commission regarding the construction of a ramp in the area, which would join the Southern Crossing. The Southern Pacific Company stated it would not be interested in a grade separation unless ordered to construct same by the State Public Utilities Commission.

Supervisor McMahon stated she would vote against the legislation if she were given some assurance that Fourth Street would not be blocked during commuting hours.

The Mayor pointed out that if an overpass is necessary and ordered by the State Public Utilities Commission, the Southern Pacific Company would absorb more than 50 per cent of the cost.

Supervisor Blake declared that the Mayor had brought forth salient points of which he was not apprized and, accordingly, he moved, seconded by Supervisor Ertola, that the measure be re-referred to the Police Committee.

Motion *temporarily withdrawn*, pending statement by Supervisor Carberry.

Supervisor Carberry stated he sympathized with the stand taken by Supervisor McAteer but that re-reference to committee would accomplish no good purpose. He suggested that consideration be continued for a period of two weeks. He then asked Supervisor McAteer if traffic data the latter had obtained from the Director of Traffic had been made known to the Southern Pacific officials.

To this query, Supervisor McAteer replied that he had been informed that the Director of Traffic has contacted the Southern Pacific on the matter.

Supervisor Carberry suggested that the Board vote down the motion to re-refer the measure to committee and he will then make a motion for continuance for a period of two weeks and in the meantime an inquiry will be directed to the Southern Pacific as to the reason for delays beyond a reasonable length of time.

Supervisor Blake stated that in view of the statements of the Mayor, he would move for re-reference to committee. Motion seconded by Supervisor Ertola.

Supervisor McCarty stated he would vote for re-reference to committee for the reason that the matter of duration of layovers was not discussed at the hearings. Further, in view of the report by the Director of Traffic regarding layover time of passenger and/or freight trains, he believed the committee should submit some type of legislation with respect to layover time across Fourth Street.

Supervisor Arnold expressed the hope that the Board would re-refer the measure to committee. He reminded the Board that the San Francisco Bay Area Rapid Transit Commission would render its report by the end of the year. That certain answers would be forthcoming in the report which, in turn, must be considered by the committee and not by the Board, and the committee could then come up with legislation which could appropriately be considered by the Board.

Supervisor McMahon stated she would vote for re-reference with the hope that the matter will again be reheard, supplemented by future reports from the California Toll Bridge Authority and the San Francisco Bay Area Rapid Transit Commission.

Supervisor Ferdon suggested that the Clerk of the Committee immediately write to all interested parties, including the Santa Fe, Western Pacific, Southern Pacific and State Belt Line railroads, and ask them if they could offer any alternative plan in the way of legislation.

The suggestion was *referred to the Police Committee*.

Supervisor Dobbs urged re-reference to committee, pointing out that he had attentively listened to all of the arguments put forth for a Fourth Street overpass, but that nothing had been mentioned with respect to the construction of a new railroad depot. The Bay Area Rapid Transit Commission should consider this possibility in its study; the City Planning Commission and other interested city departments should study the idea of having the new depot relocated and should submit their recommendations; consideration should be given to requesting our City Attorney to appear before the State Public Utilities Commission demanding that we have a new station, and if these plans materialize, there would be no need for a Fourth Street crossing. Supervisor Dobbs concluded by stating that when such reports have been received, he will submit legislation on the matter.

The roll was thereupon called on the motion to re-refer to committee and it *carried* by the following vote:

File No. 13540

Supervisor Halley, seconded by Supervisor Ferdon, moved that consideration be continued for one week.

Supervisor McAteer requested that the matter be continued for two weeks as he will request to be excused from attendance at next week's meeting.

Supervisor Ferdon requested permission to withdraw his second. No objection and request *granted*.

Supervisor Halley requested permission to withdraw his motion. No objection and request *granted*.

Supervisor McCarty: Have been advised by some of the proponents for a change in the charter that the amendment has as its objective the appointment of voluntary registration clerks in various public places, such as banks, department stores, etc., who would be registration clerks at no pay on a year-round basis. This would be done so that when a change in address is made the voluntary clerk would reregister that person then and there so that the person would not lose the right to vote.

This charter amendment, I have been informed, would make the appointment of year-round voluntary clerks mandatory. Language did not make it clear that the appointment of such clerks was contemplated and I have been advised that that is the intent of this amendment. If that is the intent it should be made clear today so that there would be no question later.

Would like to know if that is the intent.

Supervisor Ferdon: It is the intent of the chairman of the committee. The San Francisco Labor Council submitted one proposed amendment which stated that the Registrar should appoint such clerks. Mr. Johns has approved the proposal which provides they shall be appointed.

Mr. Johns and Mr. Kline debated over what the particular language should be. We have not been able to settle the argument as to the legislative intent of the charter amendment. Mr. Johns understood that it was the intent of the Judiciary Committee that the clerks be on a year-round basis. It is the intent that we have them as long as and whenever necessary. Intent was that we should have registration clerks appointed in places wherever there was the largest number of electors when it meets with the approval of the city administration. Mr. Johns understood the intent of the amendment.

Supervisor McCarty: As I understand, it is the Committee's intent that this language would mean that it would be mandatory upon Mr. Kline to appoint such voluntary non-compensated registration clerks as might reasonably be necessary under any given circumstances at various locations that would effect a large registration.

Generally speaking is that the intent?

Supervisor Ferdon: That is not the intent. We say "such registration clerks as are necessary." It has been pointed out that Mr.

Toomey and Mr. Kline were opposed to this language until it was pointed out that the language is from the Elections Code.

It is our understanding that at times they may have to pay for registration clerks. It is the intent of the committee in its recommendation that this proposed charter amendment provides for registration clerks whenever necessary at any place and the number is to be worked out either on a voluntary or a remunerative basis when it is shown to be necessary that registration clerks be placed for the registration of voters.

Supervisor McCarty: Believe that in accordance with the mandatory provisions of the charter that there would be year-round voluntary clerks and that the decision would not be left up to the judgment of Mr. Kline as to when such clerks should be appointed.

Supervisor Ferdon: It is the committee's belief that it is mandatory that such appointments be made.

Supervisor Ferdon explained the various sections in the proposed charter amendment:

Section 173—Registrar of Voters.

There being no objection it was *approved*.

Section 174—Municipal Elections.

There being no objection it was *approved*.

Section 175—Nomination of Elective Officers.

After objections by some of the members of the Board, Supervisor Ferdon, seconded by Supervisor Arnold, moved that in the second paragraph, starting on the fifth line from the end, delete the double parentheses before the word "provided" and also after the last word in the paragraph, "withdrawing."

Motion *carried* by the following vote:

Ayes: Supervisors Arnold, Blake, Christopher, Dobbs, Ertola, Ferdon, Halley, McAteer, McCarty, McMahon—10.

Absent: Supervisor Carberry—1.

Supervisor Ferdon, seconded by Supervisor Arnold, moved that the second paragraph, on the fourth line from the end, delete the word "thirty" and substitute in lieu thereof the word "thirty-five."

Motion *carried* by the following vote:

Ayes: Supervisors Arnold, Blake, Christopher, Dobbs, Ertola, Ferdon, Halley, McAteer, McCarty, McMahon—10.

Absent: Supervisor Carberry—1.

Section 176—Material to be Mailed to Voters.

Remarks by Supervisor Arnold.

I am deeply moved by the expressions of my colleagues today, and in the resolution that was adopted.

In leaving the Board I am touched with mingled feelings. I am grateful to Mayor Robinson for appointing me and to the people who elected me to this office, and for the opportunity of working with the members of this Board.

It was indeed a pleasure to form warm friendships with the President and the members of the Finance Committee. I thank all of the members of the Board for the cooperation given on the many matters presented over the past four years.

I appreciate the treatment given me by the press and the department heads and their cooperation with the Finance Committee. I appreciate my friendship with Mr. Brooks, the Chief Administrative Officer. It was a very wonderful thing to me to know of the great ability and the conscientious attitude of the various department heads in the city government.

I will hope to continue these warm friendships that I have made over the period of years with the members of the Board and hope that in the near future I will be able to be of some service to the people of San Francisco in a public capacity.

There being no further business, the Board, at the hour of 4:45 p. m., adjourned.

This Mr. Miller failed to do and so nothing was done on the matter.

Supervisor McAteer remarked that he has received a number of protests about the great number of lumber trucks and cement trucks that were using Nineteenth Avenue during the day and night, and the noise made by such trucks was very annoying to the people who reside in that vicinity. Inasmuch as there are two alternate routes that could be used by these trucks, i.e., The Embarcadero and the Bay Shore Freeway, believe that the matter should be presented to the State Highway Commission with the thought in mind of placing a weight limitation on the trucks using Nineteenth Avenue.

Supervisor McAteer requested that the Clerk be directed to send a communication to the State Highway Commission requesting a conference or public hearing in conjunction with one of our committees for purpose of investigating the problem with people of the Highway Commission.

Clerk directed to send communication; referred to Streets Committee.

Proposed Development of the Kress Property by the Fairfax Services, Inc.

Supervisor McCarty remarked that previously it had been indicated that private developers would purchase the old Kress site for the construction of off-street parking, and the City withheld action on the proposed Ellis-O'Farrell Garage.

Heretofore an ordinance had been introduced for the purpose of securing an opinion from the City Attorney relative to the Board's powers to act pursuant to the provisions of the 1949 Parking Act of the State of California. The City Attorney has ruled that the Board can act and relieve the Controller from any liability.

Have been informed that the Fairfax Services, Inc., has negotiated a contract for the purchase of the Kress property and they will construct a 12-story building on the property for parking purposes and will include stores in the building. The same company is now negotiating for the adjacent property and if successful will expand its property and construct a hotel.

ADJOURNMENT.

There being no further business, the Board, at the hour of 4:00 p. m., adjourned.

SPECIAL ORDER—2:00 P. M.

The following recommendations of Finance Committee were taken up:

Approving Redevelopment Plan for Diamond Heights Approved Redevelopment Project Area B-1, and Designating Same as the Official Redevelopment Plan for Said Project Area.

File No. 13546-4, Ordinance No. . . . (Series of 1939).

Summary of Events.

Supervisor Dobbs, Chairman of the Finance Committee, summarized the events leading to the present status of the redevelopment plan for Diamond Heights.

Privilege of the Floor.

There being no objection, the privilege of the floor was extended to Jack Werchick, attorney representing the Diamond Heights Property Owners' Association.

Mr. Werchick pointed out that his association did not object to the redevelopment of the area; in fact, he believed that such a plan would be sound. He mentioned, however, that as matters now stood, he believed that the letter of the law was being followed but that the spirit of the law was being violated. At the time plans were being formulated for the redevelopment of the area, he urged that every possible protection be afforded the property owners involved. He was assured by the Redevelopment Agency that such action would be taken but up to this time such complete protection has not been extended. What the property owners want is the opportunity of living in their own property after redevelopment.

Mr. Werchick thereupon outlined the following alternative recommendations which he believed should be incorporated in the Final Plan:

Alternative Plan for the Redevelopment of Diamond Heights.

Submitted by the Diamond Heights Property Owners Association under the provisions of Section 33732, Health and Safety Code, October 10, 1955.

The City and County of San Francisco shall take advantage of the preliminary engineering plans heretofore prepared and paid for and shall, within the Diamond Heights Project Area:

- (1) improve existing streets and roadways
- (2) build new streets, as necessary, using the power of eminent domain and other valid statutory authorization,
- (3) install adequate lighting and utilities systems, underground if feasible,
- (4) install adequate sewage facilities,
- (5) install necessary water mains,
- (6) remove old water tanks on the hills and enforce existing fire, health and building code provisions;
- (7) re-zone area according to best modern planning; strictly enforce new zoning plan when adopted;
- (8) build schools and other public buildings as required by population and other customary circumstances.

In the alternative, if the Board of Supervisors refuses to adopt the above proposed alternative plan, or any substantial part thereof, the Diamond Heights Property Owners Association hereby submits the following Alternative Plan for the Redevelopment of Diamond Heights:

- (1) That the engineering plan be modified so that existing homes are not interfered with unless such modification is not feasible;
- (2) That present owners of property in Diamond Heights shall be given preference in the selection of new sites; that the Agency, by use of its power to exchange property, shall enable present owners who must move to obtain other comparable sites in the project area in reasonable proximity to their present locations; that this preference shall be tentatively negotiated during the final planning stage and shall be effected after the Agency has acquired, by purchase, exchange or option, some property to exchange for other property; that these exchanges shall be made during the acquisition period before the sale of property to the general public; that exchanges shall be on a lot for lot, site for site, or other equitable basis;
- (3) That a common basis for appraisal of all properties be employed; that for purposes of acquiring, selling or exchanging, the

fair market value of the property shall be determined as of that time; that the same factors affecting value shall be applied by negotiating and effecting exchanges during the acquisition stage in accordance with (2) above;

(4) That present owners shall not be confronted with competitive bidding for new sites; that exchanges shall not be subject to competitive bidding;

(5) That present owners shall be permitted to retain that portion or portions of their land not required for a street or other public use under the final plan, provided the land can be developed in accordance with such plan and provided the owners agree to participate in the redevelopment in conformity with the final plan adopted by the Board of Supervisors;

(6) That the present owners shall not be required to build on property retained by them before a majority of all land allocated for private building shall be purchased and contracts executed for building thereon;

(7) That land to be sold shall be sold in blocs which shall not exclude the small builder and investor and that this sale, exchange, leasing and transfer of land shall be under the final approval of the Board of Supervisors, or its designated representative;

(8) That present owners in Diamonds Heights shall be permitted to exchange lots, under the provisions of all applicable laws, where the owner desires to exchange property designated for multi-family dwellings for single family dwelling;

(9) That present owners may sell or transfer their property if the buyer or transferee assumes the obligations of the Participation Agreement;

(10) That present owners shall be given credit for utilities already installed and paid for, where utilities are to be replaced;

(11) That present owners be permitted to participate, even though they cannot arrive at an agreement as to price within the designated time, so long as a tentative agreement to participate is executed, binding both parties to all phases of the contract except the price;

(12) That the Participation Agreements shall impose no additional burdens upon participating owners which is not specifically provided for in the final plan; that said Agreements shall be specific as to all duties and benefits of the contracting parties; that the present owners shall not be required, as a condition of participation in the redevelopment project, to waive any constitutional or statutory right;

(13) That regardless of the success or failure of the contemplated project and regardless of the completion or abandonment of the final plan, the zoning and building restrictions provided for in the final plans shall be maintained and enforced for the protection of all present owners and others who participate in the redevelopment project in reliance of the provisions of the final plan;

(14) That the Final Plan be revised to bring the proposed housing structures in conformity with present and future housing needs of San Francisco;

(15) That the land disposition plan, in detail, shall be included in the final plan;

(16) That final engineering shall be completed before execution of any participation agreements;

(17) That the Board of Supervisors shall retain final control over every phase of the Final Plan with right of review and veto over any proposed or contemplated act of the Redevelopment Agency, including the expenditure of monies—whether local or Federal.

(18) That the above 17 proposals be adopted as a part of the

proposed Final Plan for the Redevelopment of Diamond Heights and shall supersede and control over any inconsistent parts thereof.

Respectfully submitted,

DIAMOND HEIGHTS PROPERTY OWNERS' ASSOCIATION
By JACK H. WERCHICK, Attorney for the
Diamond Heights Property Owners' Association

Mr. Werchick concluded by emphasizing that all phases of the Final Plan should be under the sole jurisdiction of the Board of Supervisors so that in the event errors have been made by the Redevelopment Agency, the Board would then be in a position to correct them.

Mr. Morley Goldberg of the City Attorneys' office, representing the Redevelopment Agency, pointed out that the redevelopment of Diamond Heights has been given careful consideration and study for many years. The Redevelopment Agency, the City Planning Commission, private groups and other city departments have cooperated wholeheartedly. Mr. Goldberg stated that the Federal Government insists on competitive bidding. The property owners will be allowed to stay, but probably portions of their property may have to be taken for street purposes. If the property owner objects, the entire property will have to be taken over through eminent domain proceedings. He added that owner participation is included in the Final Plan, and that the Board of Supervisors has control over the activities of the Redevelopment Agency as well as its budget.

The President of the Board objected to the disclosed fact that the Real Estate Department will not perform all of the appraisal work involved.

Privilege of the Floor.

There being no objection, the privilege of the floor was extended to the following:

Mrs. Gloria Dunn, 821 Corbett Avenue;
Neal Fellom, 550 Valley Street;
Mrs. Florence van Hoff, 1921 Diamond Street;
Johnann Tietjen, 574 Day Street.

Discussion.

Attorney Goldberg informed the Board that the price for each parcel would be negotiated by either the Real Estate Department or an authorized independent appraiser. The owner of the property would have 30 days within which to participate and the time could be extended to 90 days upon approval by the Board of Supervisors. If the owner fails to participate, then the Redevelopment Agency will acquire the whole parcel and sell it to the highest bidder. If no price can be agreed upon, the Agency will then condemn the property and the courts requested to fix a price.

Supervisor McAteer inquired if a complete appraisal of the area could not be made prior to the adoption of the final redevelopment plan.

Mr. Eugene Riordan, Executive Director for the Redevelopment Agency, replied that such could not be followed since the law did not permit of such procedure.

Amendment.

Supervisor Christopher moved as an amendment to the Redevelopment Plan, seconded by Supervisor Carberry, that all appraisals to be made in connection with Diamond Heights Redevelopment Plan shall be under the complete jurisdiction of the Real Estate Department of the City and County of San Francisco, which department may contract with private appraisers when necessary to expedite the acquisition of the involved properties; all appraisals heretofore completed shall be reviewed and reported on by the San Francisco Real Estate Department.

Supervisor Casey Excused.

There being no objection, Supervisor Casey was excused from further Board attendance. Supervisor Casey excused at 4:00 p. m.

Statement by Supervisor McAteer.

Supervisor McAteer: In view of this particular amendment and the many ramifications which may possibly ensue, and in view of the fact that two members of the Board are not present at the moment, it seems to me that the proper thing to do would be to submit this amendment to the Finance Committee for review and advice from the City Attorney's office for possible evaluation of this amendment. I will therefore move that the entire subject be referred to the Finance Committee, along with this amendment and ask that they study it. Motion seconded by Supervisor Ertola.

Supervisor McCarty suggested that Nos. 1 and 2, identified as Files Nos. 13546-4 and 13546-3, remain on the calendar until the proposed amendment had been thoroughly studied by the Finance Committee.

He thereupon moved as a substitute, seconded by Supervisor Ertola, that Supervisor Christopher's motion be referred to the Finance Committee, and that the measures involving adoption of the Final Plan and the adoption of the Cooperative Agreement remain on the calendar for a period of one week.

The roll was thereupon called and the substitute motion *carried* by the following vote:

He further stated that the Southern Pacific Company had been given a list of intersections where it had been reported that trains were blocking the street and he had been notified that they had assigned men to these intersections to expedite the moving of the train.

He also remarked that he had information relative to other streets where the trains were blocking the intersections which would be closely watched, but that information relative to the locations of the streets involved would not be given to the Southern Pacific Company.

Urging Support of Federal Aid Program for Highway Construction.

Supervisor McCarty advised the Board that while the last Congress had failed to pass bills providing aid for highway construction, there were several bills now pending and suggested that the Board go on record as favoring a greatly increased federal aid program. He believed that the city's representatives in Washintgon, D. C., along with the senators, should do everything possible to police these bills to a successful conclusion, in order to assure California of a fair share of funds. Supervisor McCarty pointed out that if such bills are passed, it could mean less money for the rural areas. He likewise noted that Los Angeles is considering a proposed initiative petition designed to provide a new division of gas tax funds. Under present methods, remaining funds, after maintenance, are divided with 55 per cent going to the southern counties and the remaining 45 per cent to the northern counties. Allocation to cities and counties are regulated by a formula favoring rural areas. It was likewise pointed out that the initiative petition would provide for an apportionment of the funds on the basis of automobile registration so that the bulk of the money would revert to the more populated areas.

Referred to County, State and National Affairs Committee.

Fixing Date of Monday, November 14, 1955, 2:00 P. M., for Hearing the Appeal from the Decision of the City Planning Commission by Its Resolution No. 4473, Rezoning Property Located on the Southerly Side of Seventeenth Street Easterly from Valencia Street from Commercial District to Light Industrial District.

File No. 13822-1, Resolution No. . . . (Series of 1939).

(NOTE: The foregoing appeal was filed with the Board of Supervisors by the law firm of Depaoli and Nicco on October 24, 1955. It was referred on the same date to the Department of Public Works for determination as to sufficiency of signatures and advice was received from said department on November 2, 1955, that the appeal was not subscribed to by the owners of twenty per cent of the property located within a radius of 300 feet of that sought to be rezoned as required by Section 117 of the Charter.)

Discussion.

The President explained that the Board must vote in accordance with the results determined by the Department of Public Works, in that it was found that the appeal did not contain the requisite 20 per cent of owners of property within a radius of 300 feet of that sought to be rezoned, as provided by Section 117 of the Charter.

Deputy City Attorney Thomas Blanchard pointed out that adoption of the foregoing resolution would be based on the assumption that a sufficiency of signatures exists whereas such is not the case.

It was likewise pointed out to the satisfaction of Supervisor Ferdon who raised several questions on the issue, that the law firm of Depaoli and Nicco, which represented the appellants, had been apprized of the fact that the subject matter would appear on the Board's calendar for this meeting; further, that a representative of the firm had made known that he was satisfied with the findings of the Department of Public Works.

The President thereupon explained that a "no" vote would refuse to fix a date for hearing the appeal and support the findings of the Department of Public Works.

The roll was thereupon called and the pending measure was *refused adoption* by the following vote:

Noes: Supervisors Blake, Carberry, Casey, Christopher, Dobbs, Ertola, Ferdon, Halley, McAteer, McCarty, McMahon—11.

Adopted.

The following recommendation of Public Buildings, Lands and City Planning Committee was taken up:

Approving Action of the City Planning Commission in Rezoning Lot 1, Block 2468A, from Second Residential District to First Residential District.

File No. 13851, Resolution No. 16140 (Series of 1939).

Adopted by the following vote:

Ayes: Supervisors Blake, Carberry, Casey, Christopher, Dobbs, Ertola, Ferdon, Halley, McAteer, McCarty, McMahon—11.

The following recommendation of his Honor the Mayor was presented by the Clerk:

Discussion With Respect to Paving Road Leading to Josephine D. Randall Junior Museum.

Supervisor McAteer called the Board's attention to press reports of the unsatisfactory and dangerous condition of the hilly, unpaved road leading to the Josephine D. Randall Junior Museum. He mentioned that the Museum was opened to the public in 1951 and that

steps should have been taken since that time to construct a suitable road thereto.

The Chief Administrative Officer advised that the matter rests solely with the Recreation and Park Department and that the cutting of a new road on city property would prove rather costly.

Mr. Max Funke, General Manager of the Recreation and Park Department, advised that the improvement of the road has been a source of concern and one which is getting close cooperation between his department and the Department of Public Works, and that an agreement has been reached between his department, Mr. Duckel, the Director of Public Works, and Mr. Ross, the Controller, that the project would be financed from city funds. The matter of improving the road, Mr. Funke concluded, is now in the hands of Mr. Duckel and that his department would be ready to proceed upon approval of plans to be outlined by Mr. Duckel.

Reference to Committee.

Supervisor McAtter accordingly moved, seconded by Supervisor Carberry, that the subject matter be referred to the Education, Parks and Recreation Committee, and Mr. Duckel be requested to bring before the committee whatever concrete plans he may have in connection with the improvement of the road in question.

No objection and motion *carried*.

Referred to Education, Parks and Recreation Committee.

Invitation to View Scale Model of Proposed New Wholesale Produce Terminal.

Supervisor Carberry requested that the Clerk send each member of the Board a copy of the invitation issued by the San Francisco Chamber of Commerce to attend the unveiling of a scale model of the proposed wholesale produce terminal at the Fairmont Hotel, 11:15 a. m., Thursday, November 10, 1955.

No objection and the *Clerk was directed to comply*.

ADJOURNMENT.

There being no further business, the Board, at the hour of 3:20 p. m., adjourned.

JOHN R. McGRATH, Clerk.

Approved by the Board of Supervisors November 28, 1955.

I, John R. McGrath, Clerk of the Board of Supervisors of the City and County of San Francisco, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date hereon stated and approved as recited.

There being no objection, Supervisor Dobbs was permitted to take up a matter involving the intention of the Public Utilities Commission to approve the execution of contracts between the City and County and Hertz Stations, Inc., and Airport Limousine Company, covering U-drive concessions at the San Francisco Airport.

Supervisor Dobbs expressed concern over the method being used by the Public Utilities Commission in executing contracts with firms the bids of which were not procured on a competitive basis and suggested that the Manager of Utilities and members of the Public Utilities Commission appear before the Board for the purpose of answering questions.

He accordingly so moved, seconded by Supervisor McAteer, and, there being no objection, motion *carried*.

File No. 13375-1, Ordinance No. . . . (Series of 1939).

Communication from Director of Property.

Supervisor Dobbs mentioned that he was in receipt of a letter from the Director of Property, suggesting that further studies be made before deciding on the proposed site at Columbus Avenue, Lombard and Mason Streets, in view of the fact that his department's preliminary appraisal of \$60,000 appears to be excessive for the purpose for which the land is intended.

Supervisor McCarty spoke against any possible postponement of action on the pending measure since the site has the approval of all parties concerned, namely the City Planning Commission and the Library Commission. The Supervisor questioned the Director of Property's right to speak on the merits of the site, contending that under the charter such was not his function.

Supervisor Ertola warned against the practice of procrastination which had marked earlier attempts at procuring a site for the North Beach library.

Supervisor McCarty asked questions of Mr. Philip Rezos, Director of Property, and it was developed that the purport of Mr. Rezos' letter to the Board was merely to apprise it of the fact that the cost of the property amounted to \$15.00 per square foot.

The roll was thereupon called and the measure was *passed for second reading* by the following vote:

File No. 13837, Ordinance No. . (Series of 1939).

Supervisor McAteer moved passage for second reading; seconded by Supervisor Halley.

Discussion.

Supervisor McAteer explained at some length the history of the measure.

Supervisor McCarty: With regard to Section 114 of the pending measure, under the subject of variances, as well as Article 2 of the City Planning Code and Section 117 of the Charter regarding such variances—will these provisions be in effect under this ordinance?

Mr. Thomas Blanchard, Deputy City Attorney: These provisions will be in effect.

Supervisor Dobbs: If we take these things up one by one, we will destroy the zoning ordinance. I object to consideration of this matter as a separate item. I would prefer to refer this matter to committee. I move that the matter be referred to committee for consideration along with the zoning ordinance.

Motion lost for want of a second.

Supervisor McCarty: It is my understanding that the provisions of Section 113 do not apply to building permits which have already

been granted or construction already commenced, or where one has been issued for modernization purposes.

Deputy City Attorney Thomas Blanchard: Your conclusions are correct. They would not apply.

Suggestion for Continuance.

Supervisor Blake suggested that consideration of the pending measure be continued to permit Supervisors Carberry and McMahon, who were absent, an opportunity to express themselves.

The President replied that it was not necessary to wait until the Supervisors' return as they would have the privilege of making a statement to the effect that had they been in attendance they would have voted for or against the measure.

Supervisor Ferdon Excused from Voting.

Supervisor Ferdon asked to be excused from voting due to an indirect interest in the matter. Supervisor Halley accordingly so moved; seconded by Supervisor McAteer and, there being no objection, motion carried.

The roll was thereupon called on the measure and it was passed for second reading by the following vote:

Resumption of Consideration of Matter Involving Execution of Contract Between the Public Utilities Commission and Hertz Stations, Inc., and Airport Limousine Company, Concerning U-Drive Concessions at the San Francisco International Airport.

Mr. Thomas O'Connor, Deputy City Attorney, representing the Public Utilities Commission, advised the Board that the Commission was now in the midst of its regular Monday meeting and that it could not appear before the Board at this time.

Supervisor Dobbs expressed the opinion that the Board should enact legislation depriving the Public Utilities Commission of the power to approve such contracts as are contemplated, and thereupon moved that the Board go on record urging the Public Utilities Commission to desist from approving the contracts in question and that the time-honored system of calling for competitive bids be followed. Motion seconded by Supervisor McCarty.

Supervisor McAteer suggested that a resolution, instead of a motion, be adopted and that copies of it be immediately transmitted to the Public Utilities Commission, for consideration at its meeting this afternoon.

Deputy Attorney Thomas O'Connor was instructed to proceed to the Public Utilities Commission's meeting, to inform them of the feeling of the Board and to determine if it will be willing to postpone consideration of the contracts under consideration.

Supervisor McAteer suggested that consideration of the matter be continued to January 15, 1956, and inquired if this could be done by resolution.

After a lapse of some time during which Supervisor McAteer attended the meeting of the Public Utilities Commission as a citizen, he reported that there appeared to be some doubt as to whether the Public Utilities Commission had officially expressed themselves in the matter. Further, there appeared to be a question of misconstruction of the desire of the Board that the Commissioners appear before the Board at 4:00 p. m. However, he concluded by saying that the contracts under consideration were being put over for a period of one week and that the Board, if it desired, could discuss the matter next Monday at 2 p. m., with the manager and members of the Public Utilities Commission.

There appearing no objection, the matter was put over in the Board until 2 p. m., Monday, November 21, 1955.

Motion.

In connection with the foregoing matter, Supervisor Dobbs moved, seconded by Supervisor McCarty, that the Board of Supervisors go on record as opposed to the practice of entering into contracts for concessions, rights, privileges or services at the San Francisco International Airport without permitting such concessions, rights, privileges or services to be awarded to the highest and best bidder and that the City Attorney be directed to prepare such charter amendment that will prohibit such practices in the future.

File No. 13892

Motion *carried* by the following vote:

Ayes: Supervisors Blake, Casey, Christopher, Dobbs, Ertola, Ferdon, Halley, McAteer, McCarty—9.

Absent: Supervisors Carberry, McMahon—2.

ADJOURNMENT.

There being no further business, the Board, at the hour of 5:55 p. m., adjourned.

JOHN R. McGRATH, Clerk.

Approved by the Board of Supervisors December 5, 1955.

SPECIAL ORDER—2:00 P. M.

Discussion of Proposed Contract Between the Public Utilities Commission and Hertz Stations, Inc., and the Airport Limousine Company, Granting U-Drive Concession at the San Francisco International Airport.

File No. 13892

Discussion.

The privilege of the floor was extended to Manager of Utilities James H. Turner, who read a lengthy statement outlining past procedures and present status of the pending matter and emphasized the reason why it was considered advisable to permit but two concessions.

After questions were propounded by members of the Board, the privilege of the floor was granted Morgan J. Doyle representing the Hertz-Drive-Ur-Self organization. Mr. Doyle explained the workings of his firm and the wide services which it has been providing the general public and outlined reasons why his company should be given a concession at the airport.

Mr. Lloyd Ackerman, Counsel for the Airport Limousine Company, one of the two concerns involved in the letting of contracts by the Public Utilities Commission for u-drive concessions at the San Francisco International Airport, was permitted to express his views.

At the conclusion of the hearing, the President of the Board inquired if the Public Utilities Commission had made up its mind with respect to the letting of the proposed contracts. None of the commissioners, however, expressed a willingness to commit themselves.

Mr. Albert Jacobs, representing the firm of Jacobs, Malcolm and Burt. Mr. Jacobs, in reply to a query by Supervisor Carberry, stated that the Produce Terminal was founded in 1944 for the purpose of working hand in hand with the World's Trade Center.

Motion to Rise and Report.

Supervisor Halley moved that the Committee now rise and report. Motion seconded by Supervisor Carberry and, there being no objection, motion *carried*.

Discussion.

Supervisor McMahon expressed the opinion that the proposed wholesale produce market should not take up any more land than is absolutely necessary for the enterprise, thus conserving the balance of the area for other industrial uses.

To a query by Supervisor Blake as to the status of the property owners of the present wholesale market when its operations are transferred, Mr. Maury Goldberg, attorney for the Redevelopment Agency, stated that until a definite plan is resolved for the old produce market area, nothing can be done to make the owners move.

Supervisor McAteer asked Joseph L. Alioto, Chairman of the Redevelopment Agency, what, if any, plans were on hand to dispose of the present wholesale produce market. Mr. Alioto replied that plans, when formulated, would call for the redevelopment of the area, but that a sum of \$25,000 would be required to conduct a survey to determine the best possible use to which this particular area could be put.

Supervisor McCarty stressed that he would not vote for the Final Plan until such time as a definite plan had been evolved for the redevelopment of the present produce market.

Request for Preparation of Legislation.

Supervisor McCarty requested that the Clerk initiate the preparation of legislation looking to the appropriation of \$25,000 to be used for the conduct of a survey of the present wholesale produce market for the purpose of determining the best possible use to which it may be put.

Supervisor Halley expressed the opinion that the full 60 acres established by the Tentative Plan should not entirely be used for wholesale produce market operations, but that other industries should likewise be permitted to establish themselves in the area.

Mr. Alioto told the Board that it had the right to provide for less acreage than proposed.

Passage for Second Reading.

There being no further discussion, the Clerk presented the following measure as a recommendation of the Committee of the Whole:

Approving and Adopting Tentative Plan for South Basin Project Area Number F-1; Establishing and Designating Areas as South Basin Approved Redevelopment Project Area Number F-1.

File No. 10759-9, Ordinance No. (Series of 1939).

Consideration Continued.

The following from Finance Committee, with recommendation "Do Not Pass," was taken up:

Approving Concession Agreement to Be Entered into by the Recreation and Park Commission and Laurence W. Sipe, for Pony Ride Concession Privileges at the Children's Playground in Golden Gate Park and at Fleishhacker Playfield.

File No. 13513, Ordinance No. . . . (Series of 1939).

Supervisor Carberry moved consideration be postponed for two weeks to permit the Recreation and Park Commission to present additional data. Motion seconded by Supervisor Halley.

A communication from the San Francisco Municipal Conference, likewise requesting postponement, was read.

Objection.

Supervisor McCarty objected to the proposed delay, contending that the measure had been under study for a period of many months.

The Finance Committee felt this service should be maintained for future generations even though it may show a small loss. The matter was tabled in committee and then it was learned that the concession was still operating. The City Attorney then ruled that the Recreation and Park Commission had no right to operate the concession until the Board approved it. This is the type of concession which the Finance Committee felt should be operated not at a profit but as a service, and he saw no reason for further continuance.

Supervisor Dobbs stated he felt the same way as Supervisor McCarty, in that the contract should be disapproved; however, he considered the request for continuance a reasonable one.

The roll was thereupon called on the motion to continue and it *carried* by the following vote:

Ayes: Supervisors Blake, Carberry, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon—8.

No: Supervisor McCarty—1.

Absent: Supervisors Christopher, McAteer—2.

Construction of Freeways.

Supervisor Carberry spoke of the confusion which seems to exist in the minds of residents who own property in areas which have been marked for freeway construction, in that they are unaware of the fact that appeal may be had from the decision of the State Division of Highways. He pointed out that the Board of Supervisors has a voice in the construction of any freeway within the City and County of San Francisco, and efforts should be made to disseminate such information to the public.

He concluded by saying that he would shortly present a measure calling for a public hearing by the Streets Committee of the Board for the purpose of (1) considering the proposed Western Freeway and at the same time allaying the fears as mentioned hereinabove; and (2) considering the feasibility of minimizing the dislocation of persons and property by the use of tunnels.

He thereupon asked that the Recreation and Park Department study this alarming situation with a view of providing safeguards; this might entail the construction of a screen or wire fence around the track portion of the field. He recommended that a study be immediately started on the problem and that a report be forthcoming to the Board at an early date.

Discussion.

General discussion of the measure was entered into by the members of the Board.

Questions were propounded to Joseph L. Alioto, Chairman of the Redevelopment Agency, by various Board members.

Supervisor Halley apprized the Board of the fact that he had conducted a survey of the area proposed to be redeveloped and before final action is taken by the Board, every possible consideration should be given to the economic impact upon San Francisco by the ousting of many industries which have been a part of San Francisco for many years.

Supervisor McCarty: I would like to state for the record and I want it to be in the Journal of the Board, that on the basis of law and representations of the Redevelopment Agency in accordance therewith, what is before us today is merely Step One and that the designation does not inferentially or otherwise commit this Board to any specific plan and that the time and place of exempting any existing structures from the proposal is properly before this Board at the time of the adoption of the Tentative Plan, and that there are no inferences or conjectures in regard thereto by any action which this Board may take today. On that basis, I will vote for the designation.

Supervisor McAteer moved that the foregoing measure be referred to a joint committee of Finance and Buildings, with the thought in mind that Mr. Zeckendorf, along with the City Planning Commission and the Redevelopment Agency, devote their attention to conducting a survey of the present wholesale produce market with a view of developing a project thereon. Motion lost for want of a second.
